University of Gdańsk

Subject card

Subject name and code	Seminar I, PG_00199636		
Field of study	Oceanography		
Date of commencement of studies	October 2026	Academic year of realisation of subject	2028/2029
Education level	Bachelor's studies	Subject group	Obligatory subject group in the field of study Optional subject group Subject group related to scientific research in the field of study
Mode of study	full-time studies	Mode of delivery	at the university
Year of study	3	Language of instruction	Polish
Semester of study	5	ECTS credits	2.0
Learning profile	academic	Assessment form	credit
Conducting unit	Faculty of Oceanography and Geography -> Rector		
Name and surname of lecturer (lecturers)	Subject supervisor	dr hab. Mariusz Sapota, prof. UG	
	Teachers		

Lesson types

Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
Number of study hours	0.0	0.0	0.0	0.0	15.0	15

E-learning hours included: 0.0

Learning activity and number of study hours

Learning activity	Participation in didactic classes included in study plan	Participation in consultation hours	Self-study	SUM
Number of study hours	15	1.0	34.0	50

Subject objectives

supporting the students in independently improving their knowledge in the topic chosen as the subject of the diploma thesis,

improving the ability to present the effects of independent work, speaking in a discussion using specialized scientific language

Learning outcomes

Course outcome	Subject outcome	Method of verification
[OCEANL3-U08] is able to prepare written papers, oral presentations, and presentations in the field of oceanography, and to engage in discussions on oceanographic issues (in Polish and a selected foreign language)	is able to systematically expand and update knowledge in the field of biological oceanography	[SU1] oral statement/conversation/ discussion [SU2] presentation/project/paper/ report
[OCEANL3-U12] is able to systematically expand and update oceanographic knowledge and enhance professional qualifications	is able to systematically expand and update knowledge in the field of biological oceanography	[SU1] oral statement/conversation/ discussion [SU2] presentation/project/paper/ report
[OCEANL3-W08] knows and understands concepts and principles related to industrial property protection, copyright law, and social responsibility, and is aware of the limitations arising from copyright protection	knows the basic concepts and principles of copyright law, is aware of the limitations resulting from copyright protection	[SW1] oral statement/ conversation/discussion [SW2] presentation/project/paper/ report
[OCEANL3-U04] is able to independently search for information in Polish and foreign specialist literature, as well as on the Internet and in databases	Can independently search for information in Polish and English specialist literature, including on the Internet and databases, in the field of biological oceanography	[SU2] presentation/project/paper/ report
[OCEANL3-W03] has an advanced understanding of the relationships between living and non-living components of aquatic environments, and is aware of the complex nature, intricacy, and natural variability of these environments	knows at an advanced level the relationships between animate and inanimate components of the marine environment, correctly describes basic natural phenomena and explains their course in relation to the processes occurring at sea	[SW1] oral statement/ conversation/discussion [SW2] presentation/project/paper/ report

Subject contents

Selected issues in the field of biological oceanography and the research topics pursued, in particular concerning the methodology of research.

Copyright Requirements.

Ways of presenting the results and discussing them

Prerequisites and co-requisites

Assessment methods and criteria

Subject passing criteria	Passing threshold	Percentage of the final grade
discussion activity	51.0%	10.0%
preparation and presentation of a multimedia presentation, participation in a discussion	51.0%	90.0%

Recommended reading

Basic literature	The list of literature is each time selected according to the topic of the seminar presentation.
Supplementary literature	The list of literature is each time selected according to the topic of the seminar presentation.
