

Subject card

| | | | | | | | |
|--|---|---|-----------------------------|--|---|-------------------|------------|
| Subject name and code | Geographical determinants of spatial planning, PG_00119879 | | | | | | |
| Field of study | Geography | | | | | | |
| Date of commencement of studies | October 2024 | Academic year of realisation of subject | | | 2026/2027 | | |
| Education level | undergraduate studies | Subject group | | | Obligatory subject group in the field of study Optional subject group Humanistic-social subject group Subject group related to scientific research in the field of study | | |
| Mode of study | full-time studies | Mode of delivery | | | at the university | | |
| Year of study | 3 | Language of instruction | | | Polish | | |
| Semester of study | 5 | ECTS credits | | | 2.0 | | |
| Learning profile | academic | Assessment form | | | | | |
| Conducting unit | Instytut Geografii Społ-Ekon i Gospodarki Przestrzennej -> Faculty of Social Sciences | | | | | | |
| Name and surname of lecturer (lecturers) | Subject supervisor | | dr hab. Oleksandr Radchenko | | | | |
| | Teachers | | | | | | |
| Lesson types | Lesson type | Lecture | Tutorial | Laboratory | Project | Seminar | SUM |
| | Number of study hours | 20.0 | 0.0 | 0.0 | 0.0 | 0.0 | 20 |
| | E-learning hours included: 0.0 | | | | | | |
| Learning activity and number of study hours | Learning activity | Participation in didactic classes included in study plan | | Participation in consultation hours | | Self-study | SUM |
| | Number of study hours | 20 | | 12.0 | | 18.0 | 50 |
| Subject objectives | Awareness of the practical role of geography in shaping public space | | | | | | |

| | | | |
|--|---|---|---|
| Learning outcomes | Course outcome | Subject outcome | Method of verification |
| | [GEOGRL3-W06] interactions between the natural and anthropogenic environment at different spatial and temporal scales, in particular the processes and phenomena occurring in the area of the South Baltic Coastal and Lake District and the determinants of these interactions | K_W06: interactions that occur between the various elements of the geographic environment, affecting the formation of space at different scales, curriculum content A1-A10 | [SW2] presentation/project/paper/report |
| | [GEOGRL3-W04] to an advanced degree the social, economic and political differentiation of the world, as well as the social, economic and political characteristics of countries and regions, especially northern Poland and the Pomeranian Voivodeship, understands the socio-economic transformations taking place in the modern world | K_W04: natural and anthropogenic factors affecting the formation of space at different spatial scales curricular content A1-A10 | [SW2] presentation/project/paper/report |
| | [GEOGRL3-W03] in an advanced degree the processes and phenomena occurring in the natural environment of the Earth, with particular emphasis on the processes and phenomena occurring on the territory of Poland, especially the Coastal and South Baltic Lake Districts | K_W03: in an advanced degree the processes and phenomena occurring in the geographical environment, shaping the various functions of geographical space, program content A1-A10 | [SW2] presentation/project/paper/report |
| [GEOGRL3-W05] Has advanced knowledge of the environment Earth's geographic environment, understood as a unified system of interrelated and interacting each other's components; its diversity, functioning and dynamics of change, including the mutual interaction of environmental components in the area of South Baltic Coastal and Lake Districts | K_W05: has advanced knowledge of geographic space as a system of interrelated and interacting components; its differentiation, functioning and dynamics of change at different spatial scales, curriculum content A1-A10 | [SW2] presentation/project/paper/report | |
| Subject contents | <p>1. Links between geography and socio-economic reality 2 Examples of practical function of geography - informational function 3 Examples of practical function of geography - explanatory and theoretical function 4 Examples of practical function of geography - diagnostic function 5 Examples of practical function of geography - decision-making function 6 Examples of practical function of geography - cultural and educational function 7 Conflicts in the management of environmental goods 8 The role of geography in resolving conflicts in space 9. External determinants of the role of geography in the formation of space 10. Internal determinants of the role of geography in shaping space</p> | | |
| Prerequisites and co-requisites | | | |
| Assessment methods and criteria | Subject passing criteria | Passing threshold | Percentage of the final grade |
| | lecture (presentation) | 51.0% | 100.0% |
