

Subject card

Subject name and code	, PG_00120337						
Field of study	Oceanography						
Date of commencement of studies	October 2024	Academic year of realisation of subject			2025/2026		
Education level	postgraduate studies	Subject group			Obligatory subject group in the field of study Optional subject group		
Mode of study	full-time studies	Mode of delivery			at the university		
Year of study	2	Language of instruction			Polish		
Semester of study	3	ECTS credits			8.0		
Learning profile	academic	Assessment form					
Conducting unit	Faculty of Oceanography and Geography						
Name and surname of lecturer (lecturers)	Subject supervisor		dr hab. Urszula Janas				
	Teachers						
Lesson types	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	0.0	0.0	120.0	0.0	0.0	120
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	120		30.0		50.0	200
Subject objectives	Completion of research tasks related to the master's thesis, preparation and editing of the manuscript.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[OCEANMU2-K04] is ready to critically evaluate his/her knowledge and received content in the field of natural sciences in particular in the field of the studied specialty, a in problematic situations, supports oneself with knowledge experts	He or she is ready to critically evaluate his or her knowledge and perceived content of natural sciences in particular in biological oceanography, and in problem situations, support himself with the knowledge of experts.	[SK3] text preparation/written work
	[OCEANMU2-U04] is ready to develop in an analytical and synthetic way research and analysis results and based on them creating conclusions	He or she can analytically and synthetically develop the results of research and analysis and on the basis of them conduct correct conclusions in the field of oceanography biological.	[SU3] text preparation/written work
	[OCEANMU2-K03] is ready to effectively organize his/her own work, is active and persistent and punctuality in completing tasks, is ready to carrying out evaluation of their own activities	He or she is ready to effectively organize his or her own work, shows activity and is characterized by persistence and punctuality in completing tasks, is self-critical and draws conclusions on the basis of self-analysis.	[SK1] oral statement/conversation/discussion
	[OCEANMU2-W05] knows and understands the principles of planning and conducting field and laboratory research as well as advanced methods and tools of scientific research, especially in the field of the studied specialty	He or she knows and understands in depth the principles of planning and conducting field and laboratory research, as well as the applied methods and tools of scientific research in the field of biological oceanography.	[SW3] text preparation/written work
Subject contents	The topic of the course and the scope of the research tasks - laboratory, field or literature - the student determines individually with the supervisor, in accordance with the topic and specifics of the master's thesis. Development of research results, their interpretation and preparation of the master's thesis.		
Prerequisites and co-requisites			
Assessment methods and criteria	Subject passing criteria	Passing threshold	Percentage of the final grade
	Completion of credit work	51.0%	100.0%
Recommended reading	Basic literature	Literature is selected for the student individually, according to the guidance of the thesis supervisor.	
	Supplementary literature	Literature is selected for the student individually, according to the guidance of the thesis supervisor.	
	eResources addresses	Adresy na platformie eNauczanie:	
Example issues/ example questions/ tasks being completed			
Work placement	Not applicable
