

Subject card

Subject name and code	Marketing Research, PG_00119319						
Field of study	International Economic Relations						
Date of commencement of studies	October 2024	Academic year of realisation of subject			2026/2027		
Education level	Bachelor's studies	Subject group			Obligatory subject group in the field of study		
Mode of study	full-time studies	Mode of delivery			at the university		
Year of study	3	Language of instruction			Polish		
Semester of study	5	ECTS credits			2.0		
Learning profile	academic	Assessment form			credit		
Conducting unit	Faculty of Economics -> Rector						
Name and surname of lecturer (lecturers)	Subject supervisor		dr Tomasz Czuba				
	Teachers		dr Tomasz Czuba				
Lesson types	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	0.0	15.0	0.0	0.0	0.0	15
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	15		0.0		0.0	15
Subject objectives	To prepare students for work in the field of market research. Introduction to methods and techniques of conducting research, principles of constructing a research questionnaire, selecting a sample, choosing optimal tools for achieving the assumed research goals. Building advanced analyses using SPSS / Statistica software.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[MSG3_K04] is ready to think and act in an entrepreneurial manner; adapts to new situations and conditions, undertakes challenges of creative thinking; is resilient to failures; can identify threats and assess the risk of their occurrence	The student has the ability to present his/her own position.	[SK1] oral statement/conversation/discussion [SK2] presentation/project/paper/report
	[MSG3_W12] has a well-organised knowledge of the nature, functioning and sources of changes occurring in the structures of economic entities and organisations (in particular those which operate on the international market); understands the causes, course, scale and consequences of these changes	Students will be able to correctly interpret economic phenomena, correctly analyse the causes and course of economic processes.	[SW4] test/exam - oral or written [SW2] presentation/project/paper/report
	[MSG3_U01] can correctly interpret and explain economic and social phenomena, analyse their causes, course and connections between these phenomena using the acquired knowledge of economics, finance and international economic relations	The student is able to use basic computer programmes in the acquisition and analysis of data necessary for professional work.	[SU2] presentation/project/paper/report [SU6] demonstration of practical skills
	[MSG3_W10] knows selected methods and tools, including IT tools and data acquisition techniques, which make it possible to describe and analyse economic entities operating on the international market; knows the processes and phenomena occurring in them and between them, and processes supporting decision-making	Students will be able to use basic methods and tools, including IT tools and data acquisition techniques as well as marketing tools in order to diagnose economic processes and, on this basis, make appropriate economic decisions.	[SW2] presentation/project/paper/report [SW5] implementation of a problem task

Subject contents	<p>1. Marketing information system vs. research / Research market in Poland and worldwide Market research vs. marketing. Marketing research market in Poland and in the world. International and national organisations of market researchers. Marketing information system (SIM) in a company. Ways of collecting market information. Classification of marketing research.
