

**Subject card**

<b>Subject name and code</b>	Methodology of criminal research - auditorium classes, PG_00132477						
<b>Field of study</b>	Criminology						
<b>Date of commencement of studies</b>	October 2024	<b>Academic year of realisation of subject</b>			2024/2025		
<b>Education level</b>	postgraduate studies	<b>Subject group</b>			Obligatory subject group in the field of study		
<b>Mode of study</b>	part-time studies	<b>Mode of delivery</b>			at the university		
<b>Year of study</b>	1	<b>Language of instruction</b>			Polish		
<b>Semester of study</b>	1	<b>ECTS credits</b>			2.0		
<b>Learning profile</b>	academic	<b>Assessment form</b>					
<b>Conducting unit</b>	Katedra Prawa Karnego Materialnego i Kryminologii -> Faculty of Law and Administration -> Rektor						
<b>Name and surname of lecturer (lecturers)</b>	<b>Subject supervisor</b>		dr Andrzej Lewna				
	<b>Teachers</b>		mgr Elżbieta Kozak dr Wojciech Zieliński mgr Katarzyna Jakubczak-Fopke				
<b>Lesson types</b>	<b>Lesson type</b>	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	<b>Number of study hours</b>	0.0	15.0	0.0	0.0	0.0	15
	E-learning hours included: 0.0						
<b>Learning activity and number of study hours</b>	<b>Learning activity</b>	Participation in didactic classes included in study plan	Participation in consultation hours		Self-study	SUM	
	<b>Number of study hours</b>	15	0.0		35.0	50	
<b>Subject objectives</b>	<p>- To familiarize students with the specifics of the scientific method of cognition of reality.- To teach students the basic methods of empirical verification of theoretical claims.- To acquaint students with the specifics of the research process in the social sciences: how research is planned, how it is carried out, how research results are reported.- To teach students the ability to practically apply knowledge of social research methodology in the design, implementation and development of criminal research results.- To familiarize students with legal acts that relate to research, including criminal research.- To familiarize students with the possibilities of obtaining and processing and interpreting information that can be used in research.</p>						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[KRYMMU2_UW07] He/she has skills in understanding and analyzing social phenomena and utilizing the analysis in professional work	Is able to express him/herself in a clear, coherent and precise manner both orally and in writing in Polish and in a foreign language, has the ability to construct extensive oral and written justifications on a variety of forensic issues	[SU1] oral statement/conversation/discussion [SU2] presentation/project/paper/report [SU6] demonstration of practical skills [SU8] observation of student's independent or team work
	[KRYMMU2_UU03] The graduate demonstrates deepened skills of observing, diagnosing, sensible assessing of complex psychological situations and analyzing motives and patterns of human behaviours	Has in-depth skills in observing, diagnosing, rationally evaluating and analyzing motives and patterns of human behavior to the extent necessary to conduct social research in the field of criminology	[SU1] oral statement/conversation/discussion [SU2] presentation/project/paper/report [SU6] demonstration of practical skills [SU8] observation of student's independent or team work
	[KRYMMU2_KR08 ] He/ she is aware of the level of own knowledge and skills, and understands the need for lifelong learning	Demonstrates responsibility for his own preparation for work, decisions made and actions carried out, as well as their consequences, feels responsible to the people for whose welfare he seeks to act, expresses this attitude among professionals and indirectly models this approach among others	[SK1] oral statement/conversation/discussion [SK2] presentation/project/paper/report [SK6] demonstration of practical skills [SK8] observation of student's independent or team work
	[KRYMMU2_UW04 ] He/she can apply legal and professional principles and norms in taking up the activity of criminologist	Has well-developed research skills: distinguishes between orientations in social (including criminal) research methodology, formulates research problems, selects adequate research methods, statistical methods and research tools, constructs research tools; develops, presents and interprets research results, draws conclusions, indicates directions for further research, within the selected specialization of social sciences	[SU1] oral statement/conversation/discussion [SU2] presentation/project/paper/report [SU6] demonstration of practical skills [SU8] observation of student's independent or team work
	[KRYMMU2_WG01] The graduate demonstrates widened knowledge about legal science and related penal sciences, their the place in the system of sciences and mutual relation	Knows the terminology used in the social sciences and its application in related disciplines at an extended level - Has in-depth and extended knowledge of the origins and place of the social sciences in the system of sciences, as well as its material and methodological links with other disciplines of the sciences	[SW1] oral statement/conversation/discussion [SW2] presentation/project/paper/report [SW5] implementation of a problem task
	[KRYMMU2_KR04] He/she knows the importance of ethical and professional conduct, follows the principles of ethics; discerns and formulates moral issues and ethical dilemmas connected with own and someone else's work. He/she looks for optimal solutions	Has a structured knowledge of ethical principles and norms as well as professional ethics; knows the legal, organizational and ethical conditions of the professional activity performed	[SK1] oral statement/conversation/discussion [SK2] presentation/project/paper/report [SK6] demonstration of practical skills [SK8] observation of student's independent or team work
	[KRYMMU2_KK01 ] The graduate is aware of the level of his/her knowledge and skills, and also understands the need of lifelong learning	Demonstrates responsibility for his own preparation for work, decisions made and actions carried out, as well as their consequences, feels responsible to the people for whose welfare he seeks to act, expresses this attitude among professionals and indirectly models this approach among others	[SK1] oral statement/conversation/discussion [SK2] presentation/project/paper/report [SK6] demonstration of practical skills [SK8] observation of student's independent or team work
	[KRYMMU2_UW02 ] He/she acquires knowledge independently and develops his/her professional skills using various sources (in native and foreign language) and modern technologies	is able to independently deepen research competence and develop his professional skills in constructing and planning research using a variety of sources.	[SU1] oral statement/conversation/discussion [SU2] presentation/project/paper/report [SU6] demonstration of practical skills [SU8] observation of student's independent or team work

	Course outcome	Subject outcome	Method of verification
	[KRYMMU2_UK02] He/she is prepared for active participation in groups, organizations and institutions connected with the problem of crime and other related phenomena. He/she is also able to communicate with specialists and non-specialists in criminology	Able to communicate efficiently using a variety of communication channels and techniques with specialists in the social sciences, as well as with non-specialist audiences, using modern technological solutions	[SK1] oral statement/conversation/discussion [SK2] presentation/project/paper/report [SK6] demonstration of practical skills [SK8] observation of student's independent or team work
	[KRYMMU2_KR05] The graduate is ready to prepare and participate in the preparation of social projects taking into consideration legal, economic and political aspects, including the preparation and implementation of projects co-financed by the European Union's funds	Identifies with the values, goals and objectives pursued in social practice, exhibits prudence, maturity and commitment in designing, planning and implementing social activities	[SK1] oral statement/conversation/discussion [SK2] presentation/project/paper/report [SK6] demonstration of practical skills [SK8] observation of student's independent or team work
	[KRYMMU2_WG05] He/she has deepened knowledge referring to the ways and tools, including techniques of data and information acquisition appropriate for criminology and criminalistics	Has an in-depth knowledge of the research methods and tools used in empirical criminological research.	[SW1] oral statement/conversation/discussion [SW2] presentation/project/paper/report [SW5] implementation of a problem task
	[KRYMMU2_UW01] The graduate utilizes theoretical knowledge in the field of criminology and the related scientific disciplines to analyze and interpret problems connected with widely understood crime	Has in-depth and structured knowledge of the specific subject matter, methodological and statistical characteristics of the social sciences (knows the main strategies and methods of research applied in the social sciences and humanities; knows the map of methodological positions and approaches, knows the basic methods of statistical analysis for conducting research in the social sciences	[SU1] oral statement/conversation/discussion [SU2] presentation/project/paper/report [SU6] demonstration of practical skills [SU8] observation of student's independent or team work
<b>Subject contents</b>	Realization of research in the social sciences; Construction of research tools (questionnaires, observation sheets); Editorial requirements for a written report on empirical research in the social sciences; Operationalization of variables; Interpretation of the results of research in the social sciences, including criminology. How to obtain information that can be used in research (information on the activities of various services, e.g., courts, prosecutor's office, Prison Service, Probation Service); How to use legal regulations that provide opportunities to access the information sought. Principles of interpreting the information obtained.		
<b>Prerequisites and co-requisites</b>	None		
<b>Assessment methods and criteria</b>	Subject passing criteria	Passing threshold	Percentage of the final grade
	Graded assessment	51.0%	100.0%
