<b>Subject objectives</b>	The aim of the course is for a student of criminology to acquire basic knowledge regarding the profession of a detective in Poland, to become familiar with the legal system of detective services in Poland as well as the legal basis for providing these services. The student should obtain basic knowledge about the legal and forensic aspects of detective services and should independently assess the consistency, scope and accuracy of the legal solutions adopted by the legislator. The aim of the lecture is also to obtain knowledge necessary to obtain a detective license.
