

Subject card

Subject name and code	Seminar I - BIELAWSKA Kamila, PG_00144001						
Field of study	Taxes and Tax Consultancy						
Date of commencement of studies	October 2023	Academic year of realisation of subject			2024/2025		
Education level	undergraduate studies	Subject group			Optional subject group		
Mode of study	part-time studies	Mode of delivery			at the university		
Year of study	2	Language of instruction			Polish		
Semester of study	4	ECTS credits			4.0		
Learning profile	academic	Assessment form					
Conducting unit	Katedra Bankowości i Finansów -> Faculty of Management						
Name and surname of lecturer (lecturers)	Subject supervisor		dr Kamila Bielawska				
	Teachers						
Lesson types	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	0.0	0.0	0.0	0.0	16.0	16
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	16		0.0		84.0	100
Subject objectives	The main purpose of the seminar is to familiarize students with the methodological principles of writing a thesis and to prepare for its writing, including the development of the thesis concept.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[PiDPL3_U03] The graduate can communicate using specialized legal, financial and tax terminology	Students are able to communicate with using specialized tax and insurance terminology	[SU3] text preparation/written work
	[PiDPL3_U07] He/she can plan and implement independently the need for lifelong learning	Students are able to independently plan and realize the need for of lifelong learning	[SU3] text preparation/written work
	[PiDPL3_W06] He/she knows and understands the basic concepts and principles of industrial property protection and copyright	The student knows and understands basic concepts and principles from the in the field of industrial property protection and copyright	[SW3] text preparation/written work
	[PiDPL3_U02] He/she is able to use theoretical knowledge in the field of tax law, accounting and related disciplines through the proper selection of sources (including in particular normative acts, doctrinal literature and jurisprudence) and information derived from them, he/she is able to carry out assessment, critical analysis and synthesis of this information, using appropriate methods and tools (including advanced information and communication techniques) - which enables performing tasks that are not fully predictable, in particular solving validation and interpretation problems related to the application of tax law, as well as problems of tax analysis and accounting	The student is able to use his/her knowledge of taxes and insurance together with appropriate selection of sources and research methods to solve a selected research problem	[SU3] text preparation/written work
	[PiDPL3_W02] He/she knows the basic terminology and basic concepts in the field of tax law and finance, has elementary knowledge of substantive and formal tax law.	The student knows the basic tax, finance and insurance terminology	[SW3] text preparation/written work
	[PiDPL3_K01] The graduate understands the complexity of problems occurring in the field of tax law, finance and accounting and related disciplines, and therefore is ready to assess the problems critically. He/she understands the importance of knowledge in solving cognitive and practical problems and - in case of difficulties with solving the problem independently - consulting experts in tax law, finance, accounting and related disciplines (especially scientists, expert tax advisors, lawyers dealing with disciplines other than tax law and balance sheet), and, if necessary, also expert specialists in disciplines other than legal and economic sciences	The student understands the complexity of research problems of legal and economic aspects of taxes and insurance and, in therefore is ready to critically evaluate the knowledge possessed, as well as when needed, to take advice of experts in the field	[SK3] text preparation/written work
	[PiDPL3_U01] The graduate can use theoretical knowledge in the field of tax law, accounting and the related disciplines in order to formulate and solve complex problems that may occur in this area, especially complex validation and interpretation problems in the field of tax law, tax analysis and accounting	The student is able to use theoretical knowledge of taxation and insurance insurance to formulate and solving problems occurring in their field, including including those requiring analysis legal and financial	[SU3] text preparation/written work

	<table border="1"> <thead> <tr> <th>Course outcome</th> <th>Subject outcome</th> <th>Method of verification</th> </tr> </thead> <tbody> <tr> <td>[PiDPL3_U04] He/she can take part in a debate on the problems of applying tax law, finance and accounting - present and evaluate various opinions and positions, in particular with regard to different interpretations of the provisions of the law of public tributes and discuss them</td> <td>Students are able to participate in debate on the problems of application of tax and insurance law, present and evaluate different opinions and positions, in particular in with regard to different interpretations provisions of the law of public tributes, and discuss them</td> <td>[SU3] text preparation/written work</td> </tr> </tbody> </table>	Course outcome	Subject outcome	Method of verification	[PiDPL3_U04] He/she can take part in a debate on the problems of applying tax law, finance and accounting - present and evaluate various opinions and positions, in particular with regard to different interpretations of the provisions of the law of public tributes and discuss them	Students are able to participate in debate on the problems of application of tax and insurance law, present and evaluate different opinions and positions, in particular in with regard to different interpretations provisions of the law of public tributes, and discuss them	[SU3] text preparation/written work
Course outcome	Subject outcome	Method of verification					
[PiDPL3_U04] He/she can take part in a debate on the problems of applying tax law, finance and accounting - present and evaluate various opinions and positions, in particular with regard to different interpretations of the provisions of the law of public tributes and discuss them	Students are able to participate in debate on the problems of application of tax and insurance law, present and evaluate different opinions and positions, in particular in with regard to different interpretations provisions of the law of public tributes, and discuss them	[SU3] text preparation/written work					
Subject contents	<p>Part One: Characteristics of the principles of scientific problem solving, methods of universal research methods and those specific to economic and legal sciences, sources of literature and how to use them, the structure of the scientific paper. Part two: discussion of potential topics of the bachelor's thesis: analysis of the tax burden on households; analysis of the tax burden in an enterprise; tax optimization, social security system; analysis of labor costs; labor; choice of form of business taxation; insurance in risk management in an enterprise; insurance in household risk management</p>						
Prerequisites and co-requisites							
Assessment methods and criteria	<table border="1"> <thead> <tr> <th>Subject passing criteria</th> <th>Passing threshold</th> <th>Percentage of the final grade</th> </tr> </thead> <tbody> <tr> <td>Development of a detailed concept of work</td> <td>51.0%</td> <td>100.0%</td> </tr> </tbody> </table>	Subject passing criteria	Passing threshold	Percentage of the final grade	Development of a detailed concept of work	51.0%	100.0%
Subject passing criteria	Passing threshold	Percentage of the final grade					
Development of a detailed concept of work	51.0%	100.0%
