	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	30		0.0		70.0	100
Subject objectives	Deepening students' knowledge and enhancing their skills in identifying scientific problems. Preparing students for independent authorship of master's theses in various forms, such as opinions, scientific articles, commentaries, and essays, including the presentation and confrontation of their own views. Familiarizing students with research methods and the techniques of writing scientific papers. Practicing skills and competencies through activities like Oxford-style debates, asking questions, using argumentation and counterargumentation, and participating in scientific discussions.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[PRAWOJ5_UK08] The graduate has wide skills to prepare written works connected with the work of a lawyer in Polish and foreign language	The student can independently and efficiently determine and develop (through analysis and synthesis) knowledge needed for presenting a selected research problem in civil procedure. They can objectively and proficiently present knowledge and views on civil procedure in various forms of argumentation, using legal norms, jurisprudence, and the achievements of legal scholarship. They are capable of preparing to write a master's thesis in various forms within the field of law. The student is adept at utilizing research, including their own, in practicing law. They can also use various sources (in both Polish and foreign languages) and modern technologies in the development of legal issues, including for the purposes of a master's thesis.	[SU1] oral statement/conversation/discussion [SU2] presentation/project/paper/report [SU3] text preparation/written work [SU5] implementation of a problem task [SU6] demonstration of practical skills [SU8] observation of student's independent or team work
	[PRAWOJ5_KR07] The graduate is ready to take up professional challenges, takes up efforts and is persistent in the implementation of individual and group activities in the creation, application or interpretation of legal regulations and related sciences	The student is aware of the purpose and necessity of continually expanding their professional competencies and qualifications, as well as self-improving their professional and social skills. They are ready to assume legal, ethical, and social responsibility arising from the creation and application of law and the execution of related tasks.	[SK1] oral statement/conversation/discussion [SK2] presentation/project/paper/report [SK3] text preparation/written work [SK5] implementation of a problem task [SK8] observation of student's independent or team work
	PRAWOJ5_W04	The student possesses extensive and organized knowledge of current research issues in the field of civil procedure.	[SW1] oral statement/conversation/discussion [SW2] presentation/project/paper/report [SW3] text preparation/written work [SW5] implementation of a problem task
	[PRAWOJ5_UU12] He/she acquires knowledge efficiently and develops his/her professional skills using various sources (in native and foreign language) and modern technologies	The student actively engages in the functioning of legal institutions, including civil procedure, in the context of diverse legal, social, economic, and political relationships. They understand and address the need to solve specific legal problems, taking into account the principles of legal protection, including the right to access to a court.	[SU1] oral statement/conversation/discussion [SU2] presentation/project/paper/report [SU3] text preparation/written work [SU5] implementation of a problem task [SU6] demonstration of practical skills [SU8] observation of student's independent or team work
	[PRAWOJ5_UW01] He/she has advanced skills in observation and interpretation of social phenomena, analyzes their connections with various areas, activity of legal science and the related disciplines	The student actively engages in the functioning of legal institutions, including civil procedure, in the context of diverse legal, social, economic, and political relationships. They understand and address the need to solve specific legal problems, taking into account the principles of legal protection, including the right to access to a court.	[SU1] oral statement/conversation/discussion [SU2] presentation/project/paper/report [SU3] text preparation/written work [SU5] implementation of a problem task [SU6] demonstration of practical skills [SU8] observation of student's independent or team work
	[PRAWOJ5_WG07] The graduate knows methods and tools, including techniques of data and information acquisition, as well as research methods appropriate for the field of study and the related disciplines	The student has knowledge of the principles and purpose of preparing a master's thesis, as well as the rules for using scientific sources appropriate for legal studies.	[SW1] oral statement/conversation/discussion [SW2] presentation/project/paper/report [SW3] text preparation/written work [SW5] implementation of a problem task
	[PRAWOJ5_WG04] He/she knows the system of Polish law, mutual connections within the system and connections of Polish law with the European Union law and international law	The student understands the interconnections between the Polish civil procedure law system and the laws of the European Union and international law.	[SW1] oral statement/conversation/discussion [SW2] presentation/project/paper/report [SW3] text preparation/written work [SW5] implementation of a problem task

Course outcome	Subject outcome	Method of verification
[PRAWOJ5_KK02] He/she is aware of the necessity to widen professional competences and qualifications, to improve skills, is able to indicate the direction of own development and education independently in widened and deepened way	The student is aware of the importance and necessity of continuously expanding their professional competencies and qualifications, as well as self-improving their professional and social skills.	[SK1] oral statement/conversation/discussion [SK2] presentation/project/paper/report [SK3] text preparation/written work [SK5] implementation of a problem task [SK8] observation of student's independent or team work
[PRAWOJ5_WG02] He/she knows wide terminology and concepts in the scope of law and connected disciplines	The student has knowledge of the principles and purpose of preparing a master's thesis, as well as the rules for using scientific sources appropriate for legal studies. They also know the principles and methods of formulating research problems, including those related to civil procedure.	[SW1] oral statement/conversation/discussion [SW2] presentation/project/paper/report [SW3] text preparation/written work [SW5] implementation of a problem task
[PRAWOJ5_UW07] He/she has the skills in understanding and analyzing social phenomena and utilizing this analysis in his/her professional work.	The student actively engages in the functioning of legal institutions, including civil procedure, in the context of diverse legal, social, economic, and political relationships. They understand and address the need to solve specific legal problems, taking into account the principles of legal protection, including the right to access to a court.	[SU1] oral statement/conversation/discussion [SU2] presentation/project/paper/report [SU3] text preparation/written work [SU5] implementation of a problem task [SU6] demonstration of practical skills [SU8] observation of student's independent or team work
[PRAWOJ5_KK01] The graduate is deeply aware of the level of his/her knowledge and skills, and also understands the need of lifelong learning	The student recognizes the importance and necessity of continuously enhancing their professional competencies and qualifications, as well as the ongoing self-improvement of their professional and social skills.	[SK1] oral statement/conversation/discussion [SK2] presentation/project/paper/report [SK3] text preparation/written work [SK5] implementation of a problem task [SK8] observation of student's independent or team work
[PRAWOJ5_UW03] The graduate demonstrates deepened skills of using complex theoretical points of view to analyze, interpret and plan strategies of legal activities; solves concrete problems connected with the creation, application and interpretation of legal regulations, anticipates the course of their solution and predicts the effects of planned activities	The student actively engages in the functioning of legal institutions, including civil procedure, in the context of diverse legal, social, economic, and political relationships. They understand and address the need to solve specific legal problems, taking into account the principles of legal protection, including the right to access to a court.	[SU1] oral statement/conversation/discussion [SU2] presentation/project/paper/report [SU3] text preparation/written work [SU5] implementation of a problem task [SU6] demonstration of practical skills [SU8] observation of student's independent or team work
[PRAWOJ5_UW02] The graduate utilizes theoretical knowledge in legal science and the connected academic disciplines to analyze and interpret complex legal issues	The student actively engages in the functioning of legal institutions, including civil procedure, in the context of diverse legal, social, economic, and political relationships. They understand and address the need to solve specific legal problems, taking into account the principles of legal protection, including the right to access to a court.	[SU1] oral statement/conversation/discussion [SU2] presentation/project/paper/report [SU3] text preparation/written work [SU5] implementation of a problem task [SU6] demonstration of practical skills [SU8] observation of student's independent or team work
[PRAWOJ5_WG01] The graduate demonstrates deepened and systematic knowledge about the character of legal science, its place in the system of sciences and mutual relations.	The student has extensive and organized knowledge of current research issues in the field of civil procedure; they understand the interconnections between the Polish civil procedure law system, European Union law, and international law.	[SW1] oral statement/conversation/discussion [SW2] presentation/project/paper/report [SW3] text preparation/written work [SW5] implementation of a problem task
[PRAWOJ5_WG05] The graduate demonstrates systematic knowledge about the types of legal relations and the governing regularities	The student knows the principles and methods of formulating research problems, including those related to civil procedure.	[SW1] oral statement/conversation/discussion [SW2] presentation/project/paper/report [SW3] text preparation/written work [SW5] implementation of a problem task

Subject contents	<ul style="list-style-type: none"> • The principles and methods of formulating research problems (theses, hypotheses, analysis, synthesis). • Principles and practices of searching for, verifying, and developing source materials. • Discussion on the structure and editing of various forms of master's theses, including the use of abbreviations, quotations, footnotes, compiling bibliographies, and lists of court decisions. • Plan and schedule for different forms of the master's thesis. • Methods and ways of argumentation and counter-argumentation (in both oral and written forms). • Utilizing research findings and methods of argumentation, with the involvement of civil procedure institutions, in socio-economic practice. 		
Prerequisites and co-requisites
