Subject objectives	The aim of the course is to provide in-depth knowledge of contemporary realities in the field of Scandinavian culture, encompassing aspects such as fashion, sports, and popular culture. An important element of the course is the analysis of identity formation in contemporary media: the role of film, television series, and advertising, as well as relationships with folk art and its processing. Another significant aspect will be the analysis of Scandinavian music and cuisine. Describing and critically analyzing these phenomena aims to deepen understanding of the region.
