Learning outcomes	Course outcome		Subject outcome			Method of verification	
	[KRYMMU2_KK01] The graduate is aware of the level of his/her knowledge and skills, and also understands the need of lifelong learning		The student becomes a person who not only communicates more correctly, expresses his or her thoughts and achieves his or her goals using the principles and tools of persuasion that rhetoric teaches, but also becomes an astute observer of the reality around him or her by being able to spot and separate unreliable argumentation and defend against the eristic ways he or she encounters on a daily basis.			[SK3] text preparation/written work	
	[KRYMMU2_UW01] The graduate utilizes theoretical knowledge in the field of criminology and the related scientific disciplines to analyze and interpret problems connected with widely understood crime		The student has an in-depth knowledge of the nature of legal and related penal sciences, their place in the system of sciences and their interrelationships.			[SU3] text preparation/written work	
	[KRYMMU2_WG01] The graduate demonstrates widened knowledge about legal science and related penal sciences, their the place in the system of sciences and mutual relation		The student has knowledge of the principles of constructing scientific statements on legal dogmatics			[SW3] text preparation/written work	

Subject contents	<p>To implement the student to use the acquired legal knowledge in studies of a dogmatic character. To teach how to expand the knowledge base by reading monographs and other publications from a given branch of law (articles, glosses, jurisprudence). To be introduced to the methodology of scientific work, to get to know the workshop of research work. To learn how to make proper arguments and use clear, precise language. Learning to edit a scientific text in the field of dogmatic penal sciences.</p>		
Prerequisites and co-requisites
