

Subject card

Subject name and code	Civil proceedings in special acts - lecture, PG_00146429						
Field of study	Law						
Date of commencement of studies	October 2021	Academic year of realisation of subject			2024/2025		
Education level	uniform Master's studies	Subject group			Optional subject group		
Mode of study	part-time studies	Mode of delivery			at the university		
Year of study	4	Language of instruction			Polish		
Semester of study	8	ECTS credits			4.0		
Learning profile	academic	Assessment form			exam		
Conducting unit	Department of Civil Procedure -> Faculty of Law and Administration -> Rector						
Name and surname of lecturer (lecturers)	Subject supervisor		dr Dominika Mróz-Szarmach				
	Teachers						
Lesson types	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	15.0	0.0	0.0	0.0	0.0	15
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	15		0.0		85.0	100
Subject objectives	The aim of the course is to familiarize students with the types of civil cases examined in civil proceedings and regulated in special statutes , as well as with the scope of application of the provisions of the Code of Civil Procedure to proceedings in cases regulated by special statutes .						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	<p>[PRAWOJ5_KK01] The graduate is deeply aware of the level of his/her knowledge and skills, and also understands the need of lifelong learning</p>	<p>Student: has an in-depth awareness of the level of his/her knowledge and skills in the field of civil procedure in special laws, and understands the need for lifelong learning; is aware of the need to expand professional competences and qualifications, as well as improves skills, is able to independently determine the directions of his/her own development and education at an extended and in-depth level; is ready to actively participate in groups, organizations and institutions carrying out professional activities related to civil cases, regulated by special laws, and at the same time is able to communicate with persons who are and are not specialists in the field of law; is ready to undertake the preparation of its own social projects, taking into account legal, economic and political aspects, including the preparation and implementation of projects co-financed by the European Union; prepares responsibly for their work, is able to set priorities at work and plan their work accordingly; is convinced of the importance of behaving in an ethical and professional manner, acts in accordance with the principles of ethics; is ready to take on professional challenges, takes up effort and is characterized by perseverance in the implementation of individual and team activities in civil cases, regulated by special laws.</p>	<p>[SK4] test/exam - oral or written [SK5] implementation of a problem task [SK8] observation of student's independent or team work</p>

	Course outcome	Subject outcome	Method of verification
	<p>[PRAWOJ5_KK02] He/she is aware of the necessity to widen professional competences and qualifications, to improve skills, is able to indicate the direction of own development and education independently in widened and deepened way</p>	<p>Student: has an in-depth awareness of the level of his/her knowledge and skills in the field of civil procedure in special laws, and understands the need for lifelong learning; is aware of the need to expand professional competences and qualifications, as well as improves skills, is able to independently determine the directions of his/her own development and education at an extended and in-depth level; is ready to actively participate in groups, organizations and institutions carrying out professional activities related to civil cases, regulated by special laws, and at the same time is able to communicate with persons who are and are not specialists in the field of law; is ready to undertake the preparation of its own social projects, taking into account legal, economic and political aspects, including the preparation and implementation of projects co-financed by the European Union; prepares responsibly for their work, is able to set priorities at work and plan their work accordingly; is convinced of the importance of behaving in an ethical and professional manner, acts in accordance with the principles of ethics; is ready to take on professional challenges, takes up effort and is characterized by perseverance in the implementation of individual and team activities in civil cases, regulated by special laws.</p>	<p>[SK4] test/exam - oral or written [SK5] implementation of a problem task [SK8] observation of student's independent or team work</p>
	<p>[PRAWOJ5_WK10] He/she understands and knows the basic concepts and principles of industrial property protection and copyright law, as well as understands the need for proper protection of intellectual property and managing its resources</p>	<p>Student: has in-depth and structured knowledge of the nature of legal sciences, including civil procedure in special statutes, their place in the system of sciences and relations to other sciences; knows the terminology and concepts of civil procedure in special laws and related areas to an extended degree; knows the system of Polish law, interconnections within this system and the links between Polish law and European Union law and international law; has a systematic knowledge of the types of legal relationships subject to civil proceedings in special statutes and of the regularities governing them; knows methods and tools, including techniques of obtaining data and information and research methods, appropriate for legal sciences, including civil procedure, and related fields; has an in-depth knowledge of the sources of Polish civil procedure law in special statutes, its amendments and the process of creation; has an in-depth knowledge of the principles of creating and developing basic forms of individual entrepreneurship.</p>	<p>[SW4] test/exam - oral or written [SW5] implementation of a problem task</p>

	Course outcome	Subject outcome	Method of verification
[PRAWOJ5_WK11] The graduate has deepened knowledge of the principles of creating and developing basic forms of individual entrepreneurship.	<p>Student:</p> <p>has in-depth and structured knowledge of the nature of legal sciences, including civil procedure in special statutes, their place in the system of sciences and relations to other sciences; knows the terminology and concepts of civil procedure in special laws and related areas to an extended degree; knows the system of Polish law, interconnections within this system and the links between Polish law and European Union law and international law; has a systematic knowledge of the types of legal relationships subject to civil proceedings in special statutes and of the regularities governing them; knows methods and tools, including techniques of obtaining data and information and research methods, appropriate for legal sciences, including civil procedure, and related fields; has an in-depth knowledge of the sources of Polish civil procedure law in special statutes, its amendments and the process of creation; has an in-depth knowledge of the principles of creating and developing basic forms of individual entrepreneurship.</p>	[SW4] test/exam - oral or written [SW5] implementation of a problem task	

	Course outcome	Subject outcome	Method of verification
	<p>[PRAWOJ5_UW02] The graduate utilizes theoretical knowledge in legal science and the connected academic disciplines to analyze and interpret complex legal issues</p>	<p>Student: has in-depth skills in observing and interpreting social phenomena, analyzes their connections with various areas, branches of law and related sciences; is able to use and integrate theoretical knowledge in the field of civil procedure in special laws and related scientific disciplines in order to analyse and interpret complex legal problems; is able to use complex theoretical approaches in order to analyse, interpret and design strategies for legal activities; is able to generate solutions to specific problems related to civil procedure in special acts and to forecast the course of their solution and predict the effects of planned actions; efficiently uses the principles and legal norms in the field of civil procedure in special acts, as well as professional in the professional activity undertaken; is able to perceive, analyze and has the ability to diagnose moral and legal dilemmas in professional work; is able to assess the usefulness of typical procedures and good practices for the implementation of complex tasks related to various spheres related to law and related fields; is able to cooperate in a team and is able to coordinate the work of a team in solving legal problems related to civil proceedings in special acts, interpretation of legal acts, preparation of a written or oral position in a case; is able to efficiently acquire knowledge and develop their professional skills, using various sources (in their native and foreign language) and modern technologies.</p>	<p>[SU4] test/exam - oral or written [SU5] implementation of a problem task [SU8] observation of student's independent or team work</p>

	Course outcome	Subject outcome	Method of verification
