	Number of study hours	30		2.0		18.0	50
Subject objectives	The subject takes the form of a guide to the specializations of the MA, indicating their theoretical and practical dimensions. The aim of the course is to show the spectrum of possibilities for professional use of skills and knowledge acquired while studying sociology. During the classes, the student will have the opportunity to look at how sociology graduates function on the labor market, what professions they perform, how they develop the acquired competences, but also what difficulties they encounter and how they deal with them in conditions of acceleration and risk
