Subject objectives	The aim of the course is to familiarize students with the knowledge necessary for conscious and active participation and co-creation (in various roles) of public policies conducted at various levels of public authority. The classes are also intended to enable students to learn the most important concepts related to power and activism in Poland, but also to recall the most important theoretical concepts related to social and political activism. After the course, the student will be able to present and locate the centers of power in various social orders (in the media, economy, politics...)						

Learning outcomes	Course outcome	Subject outcome	Method of verification
