	E-learning hours included: 0.0						
<b>Learning activity and number of study hours</b>	<b>Learning activity</b>	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	<b>Number of study hours</b>	15		2.0		8.0	25
<b>Subject objectives</b>	The aim of the course is to deepen and expand knowledge of the sociology of travel by examining it through various travel models and specific locations - tourist destinations. The course also aims to highlight the connections between theoretical knowledge about leisure mobility and its application in public policies. The classes will also emphasize social exploration of desirable tourism models. The classes will also emphasize social exploration of sustainable tourism models.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[SOCL3_U08] The graduate is able to analyse current social phenomena in the context of knowledge about the mechanisms of human activity, the impact of a group on an individual and the processes of change that Polish society, European society and that of the world undergoes	The student is able to conduct basic analyses of individual and group patterns of tourist mobility. The student is able to conduct basic analyses of situations in tourist destinations.	[SU2] presentation/project/paper/report [SU3] text preparation/written work [SU5] implementation of a problem task
	[SOCL3_W05] The graduate has advanced knowledge of man as a subject constituting social structures and the rules of their functioning, as well as acting in these structures and participating in cultural practices in the local, regional environment, the area of national culture and global exchange	The student has knowledge about patterns of leisure mobility. The student understands the non-individual determinants of this mobility and is aware of its collective consequences.	[SW1] oral statement/conversation/discussion [SW2] presentation/project/paper/report [SW3] text preparation/written work [SW5] implementation of a problem task
	[SOCL3_U07] The graduate is able to analyse proposed solutions to a specific problem in sociology and decide on appropriate solutions	The student is able to diagnose the impacts of tourism on communities using sociological tools.	[SU1] oral statement/conversation/discussion [SU2] presentation/project/paper/report [SU3] text preparation/written work [SU5] implementation of a problem task
	[SOCL3_K06] The graduate is ready to supplement and refine the acquired knowledge and skills	The student is ready to explore data beyond the canon of sociological knowledge on travel practices.	[SK3] text preparation/written work [SK5] implementation of a problem task
	[SOCL3_K02] The graduate is ready to cooperate effectively and assume various roles in a group	The student is ready to work in a team to diagnose and solve problems related to the impact of tourism on local communities.	[SK1] oral statement/conversation/discussion [SK8] observation of student's independent or team work
	[SOCL3_W08] The graduate knows and understands in an advanced way the character and directions of the most significant changes in the scope of social structures and institutions and their elements, he/she has knowledge about the causes, course and consequences of these changes on a micro- and macro-social scale and on a global scale	The student understands the transformations of travel models in the 20th and 21st centuries, knows the consequences of these changes, and understands the sociological reflection on them.	[SW1] oral statement/conversation/discussion [SW2] presentation/project/paper/report [SW3] text preparation/written work [SW5] implementation of a problem task
	[SOCL3_U02] The graduate is able to use theoretical knowledge from different streams of sociology and acquire data to analyse specific social processes and phenomena	The student is able to combine data sources on tourism with theoretical knowledge to diagnose, seek solutions, and model social behaviors.	[SU2] presentation/project/paper/report [SU3] text preparation/written work [SU5] implementation of a problem task
Subject contents	<p>Power relations embedded in tourism</p> <p>Tourism as a tool for empowerment?</p> <p>Tourism in places of "dissonant heritage"</p> <p>Locality, local guides, and micro-adventures</p> <p>Public policies in the field of tourism</p> <p>Towards sustainable tourism?</p>		
Prerequisites and co-requisites	Basic knowledge in the fields of sociology of culture and cultural anthropology.		

Assessment methods and criteria	Subject passing criteria	Passing threshold	Percentage of the final grade
	Written work based on individual project	51.0%	70.0%
	Participation in classes and completion of partial tasks	80.0%	30.0%
