

Subject card

Subject name and code	Bachelor's degree workshop B, PG_00149749						
Field of study	Spatial Management						
Date of commencement of studies	October 2024	Academic year of realisation of subject				2026/2027	
Education level	Bachelor's studies	Subject group				Obligatory subject group in the field of study Humanistic-social subject group	
Mode of study	full-time studies	Mode of delivery				at the university	
Year of study	3	Language of instruction				Polish	
Semester of study	6	ECTS credits				10.0	
Learning profile	academic	Assessment form				credit	
Conducting unit	Institute of Socio-Economic Geography and Spatial Management -> Faculty of Social Sciences -> Rector						
Name and surname of lecturer (lecturers)	Subject supervisor		dr Grażyna Chaberek-Kałużniak				
	Teachers						
Lesson types	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	0.0	0.0	30.0	0.0	0.0	30
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	30		30.0		200.0	260
Subject objectives	Acquisition of skills in writing a scientific paper, including the correct selection of research methods, correct data selection and acquiring editorial skills						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[GPL3_U04] make the correct selection of basic quantitative methods (including field research), use them in the analysis of spatial diversity of natural, social or economic phenomena and also make a correct interpretation of the results on the basis of the specificity of selected methods	proposes the use of appropriate social research methods and constructs research tools, interprets the results obtained	[SU2] presentation/project/paper/report [SU3] text preparation/written work
	[GPL3_K06] care for the achievements and traditions of the profession, and comply with the principles of professional ethics by themselves and to demand that from others	observes the principles of fair information acquisition and use of secondary sources	[SK3] text preparation/written work [SK6] demonstration of practical skills
	[GPL3_W10] concepts and principles in the field of intellectual property and copyright protection	lists the concepts and principles concerning the protection of intellectual property and copyright	[SW3] text preparation/written work [SW5] implementation of a problem task
	[GPL3_W04] at an advanced level, the aims and conditions of using basic methods of quantitative analysis and interpretation of spatial processes and phenomena	lists and defines methods for the quantitative analysis and interpretation of spatial processes and phenomena	[SW2] presentation/project/paper/report [SW3] text preparation/written work
[GPL3_U08] perform complex research tasks or expertise in the field of spatial management under the guidance of a scientific supervisor, alone and in a team, and present the results of the research in a written and oral form in Polish and in a foreign language	plans and carries out a research task under the guidance of a supervisor, presents the results obtained	[SU2] presentation/project/paper/report [SU3] text preparation/written work	
Subject contents	identification of the research problem;Methodology of research used in the thesis;Determination of the operational objectives necessary for the diploma thesis;search and selection of literature for the diploma thesis;data processing and analysis;creation of advanced graphics;editing and composition of the diploma thesis;creation of a multimedia presentation/poster.anti-plagiarism law		
Prerequisites and co-requisites	ability to use MS Office package, knowledge of quantitative and qualitative methods in spatial studies and socio-economic geography		
Assessment methods and criteria	Subject passing criteria	Passing threshold	Percentage of the final grade
	Carrying out sub-tasks	51.0%	100.0%
