

**Subject card**

<b>Subject name and code</b>	MA Seminar C, PG_00149827						
<b>Field of study</b>	Socio-economic geography with elements of GIS						
<b>Date of commencement of studies</b>	October 2024	<b>Academic year of realisation of subject</b>			2025/2026		
<b>Education level</b>	Master's studies	<b>Subject group</b>			Obligatory subject group in the field of study Humanistic-social subject group		
<b>Mode of study</b>	full-time studies	<b>Mode of delivery</b>			at the university		
<b>Year of study</b>	2	<b>Language of instruction</b>			Polish		
<b>Semester of study</b>	3	<b>ECTS credits</b>			6.0		
<b>Learning profile</b>	academic	<b>Assessment form</b>			credit		
<b>Conducting unit</b>							
<b>Name and surname of lecturer (lecturers)</b>	<b>Subject supervisor</b>		dr Grażyna Chaberek-Kałużniak				
	<b>Teachers</b>		dr hab. Mariusz Kistowski dr hab. Maja Grabkowska				
<b>Lesson types</b>	<b>Lesson type</b>	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	<b>Number of study hours</b>	0.0	0.0	0.0	0.0	30.0	30
	E-learning hours included: 0.0						
<b>Learning activity and number of study hours</b>	<b>Learning activity</b>	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	<b>Number of study hours</b>	30		30.0		100.0	160
<b>Subject objectives</b>	The aim of the course is to prepare students for the independent writing of scientific papers and the presentation of the results of these papers. Substantive support in the preparation and editing of master's theses by students.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[GSEMU2_U05] formulate and test hypotheses regarding determinants and factors (natural, social, economic, cultural) of processes occurring in socio-economic space	constructs research questions and hypotheses on processes taking place in the socio-economic space	[SU3] text preparation/written work [SU6] demonstration of practical skills
	[GSEMU2_U07] perform complex research tasks or expertise in the field of socio-economic geography by interacting with other people, taking a leading role in teams and present the results of these studies in a written and oral form using specialist terminology	carries out a complex research task and develops it into a written thesis	[SU3] text preparation/written work
	[GSEMU2_U01] formulate and solve complex and unusual problems of socio-economic geography and propose their innovative solutions taking into account the unpredictability of spatial processes	identifies interesting problems in the geographical environment and constructs a process to explain/solve them	[SU1] oral statement/conversation/discussion [SU3] text preparation/written work
	[GSEMU2_K04] develop the profession's achievements, upholding its ethos, observe the principles of professional ethics by themselves and demand it from others	adheres to the principles of a fair research process, respects recognised scientific authorities in socio-economic geography in Poland and worldwide, observes the principles of anti-plagiarism law	[SK3] text preparation/written work
	[GSEMU2_U09] plan own professional or scientific career independently and guide others in this respect	identifies the tasks and attitudes that are associated with academic and research work	[SU1] oral statement/conversation/discussion [SU8] observation of student's independent or team work
	[GSEMU2_K01] critically assess knowledge and received content in the field of socio-economic geography and Geographic Information Systems	verifies the materials and information obtained for their usefulness in the research process	[SK8] observation of student's independent or team work
	[GSEMU2_W06] problems and theories in socio-economic geography, taking into account the complex relationships and trends of changes in the natural and anthropogenic environment; understands their theoretical and practical significance	presents the research problem addressed in the thesis in the context of contemporary socio-economic processes and trends in theoretical terms and taking into account the latest practical solutions	[SW3] text preparation/written work
[GSEMU2_W01] in-depth modern socio-economic processes as well as ordered and theoretically founded knowledge of socio-economic geography in connection with related natural and social scientific disciplines	presents the research problem addressed in the thesis in the context of contemporary socio-economic processes and trends in theoretical terms and taking into account the latest practical solutions	[SW3] text preparation/written work	
Subject contents	A.1 Presentation of the introductory sections of the thesis: aim and scope of the thesis, literature review, data used and methods employed research methods used. A.2 Presentation and discussion of the research results obtained (multimedia presentation).		
Prerequisites and co-requisites	Knowledge of: the basics of physical and socio-economic geography, including knowledge of the structure of the geographical environment and interactions knowledge of the structure of the geographical environment and the interactions between its components, as well as the conditions and factors shaping its spatial differentiation; knowledge of research methodologies and techniques applied in physical and socio-economic geography; knowledge of research methodologies and techniques used in physical and socio-economic geography; knowledge of basic literature on physical and socio-economic geography. The ability to organise individual work independently, search for and synthesise information from a variety of sources, read professional literature with comprehension. sources, read professional literature (including in English) with comprehension, present the results of scientific research (own and foreign) in a public forum. in a public forum.		
Assessment methods and criteria	Subject passing criteria	Passing threshold	Percentage of the final grade
	Evaluation of part of the Master's thesis	51.0%	100.0%
