

Subject card

Subject name and code	Computerization of archives II, PG_00151569						
Field of study	History						
Date of commencement of studies	October 2024	Academic year of realisation of subject			2026/2027		
Education level	undergraduate studies	Subject group			Obligatory subject group in the field of study		
Mode of study	full-time studies	Mode of delivery			at the university		
Year of study	3	Language of instruction			Polish		
Semester of study	5	ECTS credits			2.0		
Learning profile	academic	Assessment form					
Conducting unit	Zakład Metodologii Historii, Historii Historiografii i Archi -> Instytut Historii -> Faculty of History						
Name and surname of lecturer (lecturers)	Subject supervisor		dr Anna Żeglińska				
	Teachers						
Lesson types	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	0.0	0.0	30.0	0.0	0.0	30
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	30		2.0		30.0	62
Subject objectives	The classes are aimed at teaching the description of archival materials using the standard of archival description available in the computer lab. Students will become familiar with the problems of archival description standards in the international and Polish aspects by critically analyzing and synthesizing them. Students should be able to analyze the structure of an archival ensemble and independently perform the description of archival materials at the level of the archival unit and archival ensemble in the archival information system.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[HISTL3_W01] Knows and understands to an advanced degree selected facts, objects and phenomena and the methods and theories concerning them that explain the complex relationships between them, constituting basic general knowledge in the humanities	The student knows and understands to an advanced degree selected facts, objects and phenomena, as well as methods and theories pertaining to them that explain the complex relationships between them, constituting basic general knowledge of archival science and records management.	[SW5] implementation of a problem task
	[HISTL3_U02] Is able to correctly select and use appropriate methods and tools appropriate to the work of a historian (including advanced information and communication techniques)	The student is able to correctly select and apply appropriate methods and tools specific to the work of an archivist (including advanced information and communication techniques).	[SU8] observation of student's independent or team work
	[HISTL3_U03] Is able to communicate with the public using specialist terminology specific to historical and related sciences	Students are able to communicate with the public using specialized terminology specific to historical and related sciences.	[SU6] demonstration of practical skills [SU8] observation of student's independent or team work
	[HISTL3_U07] Is able to plan and organise individual work and interact with others in teamwork	Students are able to plan and organize individual work and interact with others in teamwork.	[SU6] demonstration of practical skills
	[HISTL3_K03] Is ready to fulfil social obligations, co-organise activities for the benefit of the social environment in the field of education and promotion of the historical and cultural heritage of Poland, its region and Europe	The student is ready to fulfill social obligations, to co-organize activities for the benefit of the social environment in the protection and promotion of the historical and cultural heritage of Poland, its region and Europe.	[SK5] implementation of a problem task [SK8] observation of student's independent or team work
	[HISTL3_W11] Knows and understands the basic economic, legal, ethical and other conditions of various professional activities related to history including the basic concepts and principles of industrial property protection and copyright law	The student knows and understands the basic economic, legal, ethical and other conditions of various professional activities related to archiving and records management.	[SW5] implementation of a problem task
	[HISTL3_K06] Is ready to perform professional roles responsibly and to adhere to the professional ethics of the historian and to demonstrate an understanding of the world of values and attitudes of people in different historical periods and contexts	He is ready to perform the role of an archivist responsibly and adhere to the professional ethics of an archivist, as well as to demonstrate an understanding of the world of values and attitudes of people in different historical periods and contexts.	[SK5] implementation of a problem task [SK8] observation of student's independent or team work
