

Subject card

Subject name and code	Master Seminar 1, PG_00151911						
Field of study	Finance and Accounting						
Date of commencement of studies	October 2024	Academic year of realisation of subject			2024/2025		
Education level	postgraduate studies	Subject group			Obligatory subject group in the field of study Optional subject group		
Mode of study	full-time studies	Mode of delivery			at the university		
Year of study	1	Language of instruction			Polish		
Semester of study	2	ECTS credits			4.0		
Learning profile	academic	Assessment form					
Conducting unit	Katedra Finansów Przedsiębiorstw -> Faculty of Management						
Name and surname of lecturer (lecturers)	Subject supervisor		dr hab. Ewa Majerowska				
	Teachers						
Lesson types	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	0.0	0.0	0.0	0.0	30.0	30
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	30		21.0		49.0	100
Subject objectives	<p>The aim of the course is to support students in:</p> <ul style="list-style-type: none"> - independent literature studies on corporate finance related issues, - forming the need for life long learning, - development of a valuable master thesis and preparation for master exam. 						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[FiRMU2_U01] The student understands and can correctly interpret complex economic phenomena in finance and accounting and basic ones in other social sciences. The student understands and can explain in depth the content of communications of economic institutions, articles in the press and magazines in the field of finance. The student correctly applies concepts of social sciences.	The student understands and is able to correctly interpret the economic phenomena discussed in the master's thesis, correctly uses concepts from the field of finance.	[SU1] oral statement/conversation/discussion [SU3] text preparation/written work
	[FiRMU2_K02] Cooperation: - the student can harmoniously interact and work in a group, assuming various roles in the group, including leadership and supervision of the group, - can agree with the group on goals and division of tasks, - is open-minded, respecting the differences of other team members.	The student is able to cooperate and work in a group, is open-minded, and is able to discuss finance-related topics with others.	[SK1] oral statement/conversation/discussion
	[FiRMU2_K04] Integrity: - the student adheres to the principles of business ethics and takes action to comply with these principles, - respects the law, - is objective, can perceive conflicts of interest, - correctly identifies and resolves dilemmas related to the practice of the profession.	The student applies the principles of ethics and takes actions in accordance with the principles when preparing his/her master's thesis.	[SK3] text preparation/written work
	[FiRMU2_K03] Communication: - the student can present his/her view/ issue in a way that others can understand, - courageously (but prudently) expresses his opinion, is not afraid to ask questions, - can participate culturally in the discussion, - can give constructive criticism, - can communicate on specialized topics in finance and accounting with a diverse audience.	The student can present own views in an understandable manner, asks questions and engages in discussions regarding the issues of the master's thesis being prepared.	[SK1] oral statement/conversation/discussion
	[FiRMU2_U07] The student knows how to independently propose solutions to specific problems in the field of finance and accounting based on accepted criteria and lead to decisions in this area.	The student is able to independently propose a solution to a specific research problem within the scope of the prepared master's thesis.	[SU1] oral statement/conversation/discussion [SU3] text preparation/written work
	[FiRMU2_U08] The student has an in-depth ability to prepare typical written works, oral speeches, and presentations in Polish concerning specific issues in finance and accounting using basic theoretical approaches and various sources of information.	The student has in-depth skills in preparing written work using theoretical and practical elements in the field of finance.	[SU3] text preparation/written work
	[FiRMU2_K05] Responsibility: - meets deadlines, - is able to set priorities appropriately in order to complete the task set before him, - is able to foresee the social consequences of his actions, - consistently strives to achieve the set goal, - is able to work systematically and independently, - respects the rules and norms of social coexistence.	The student meets the established deadlines, is able to define priorities while preparing the master's thesis. Is able to work systematically and independently.	[SK3] text preparation/written work

	Course outcome	Subject outcome	Method of verification
	[FiRMU2_K01] Self-improvement: - understands the need for development and lifelong learning, - inspires others to learn, - is able to supplement and improve the acquired knowledge and skills, expanded by the interdisciplinary dimension, - knows his strengths and weaknesses, sets ambitious goals to the best of his ability, - knows how to reconcile with failure, admit to a mistake.	The student understands the need for lifelong development and learning, is able to supplement and improve acquired knowledge and skills related to financial issues.	[SK1] oral statement/conversation/discussion [SK3] text preparation/written work
	[FiRMU2_W05] The student has an extended knowledge of advanced methods and tools, including data acquisition and analysis techniques, specific to the social sciences to describe economic structures and institutions and the processes within and between them.	The student has extended knowledge of advanced methods and tools, including data acquisition and analysis techniques, within the scope of the issues discussed in the master's thesis on finance.	[SW1] oral statement/conversation/discussion [SW3] text preparation/written work
	[FiRMU2_U03] The student can analyse in depth the causes, course and effects of processes and phenomena in finance and accounting using advanced theories and appropriate social sciences methods. Can verify simple research hypotheses. Can collect data using information technology.	The student is able to analyze in-depth the causes, course and effects of processes in finance using advanced theories and methods.	[SU1] oral statement/conversation/discussion [SU3] text preparation/written work
	[FiRMU2_U06] The student creatively uses the acquired knowledge in various scopes and forms to solve problems in finance and accounting that arise in business practice. The student knows the limitations of the usefulness of the applied knowledge.	The student applies the acquired knowledge to solve problems raised in the master's thesis in the field of corporate finance.	[SU3] text preparation/written work
	[FiRMU2_U02] The student can use advanced theoretical knowledge to describe the causes and course of economic processes and phenomena. The student can formulate his own critical opinions.	The student is able to use advanced theoretical knowledge to describe the causes and course of economic processes discussed in the master's thesis.	[SU3] text preparation/written work
