

Subject card

Subject name and code	Diagnostic parasitology and mycology, PG_00154700						
Field of study	Medical Biology						
Date of commencement of studies	October 2024		Academic year of realisation of subject			2024/2025	
Education level	postgraduate studies		Subject group			Obligatory subject group in the field of study Subject group related to scientific research in the field of study	
Mode of study	full-time studies		Mode of delivery			at the university	
Year of study	1		Language of instruction			Polish	
Semester of study	2		ECTS credits			2.0	
Learning profile	academic		Assessment form				
Conducting unit	Katedra Zoologii Bezkręgowców i Parazytologii -> Faculty of Biology						
Name and surname of lecturer (lecturers)	Subject supervisor		prof. dr hab. Joanna Izdebska				
	Teachers						
Lesson types	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	20.0	0.0	0.0	0.0	0.0	20
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	20		3.0		27.0	50
Subject objectives	Familiarize students with laboratory techniques used in parasitological and human mycological diagnosis.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[BIOLMEDMU2_W02] is oriented to the currently debated problems in medical biology and related disciplines	Is familiar with the currently discussed problems concerning the diagnosis of parasitology with elements of mycology	[SW4] test/exam - oral or written
	[BIOLMEDMU2_W03] knows the structure and functions of the human body, biological causes of disorders, lesions and social dysfunctions, and methods of their evaluation using biochemical, molecular, parasitological or neurobiological methods	Knows the structure and functions of the human body, biological causes of disorders, lesions diseases and social dysfunctions and methods of their evaluation using parasitological methods with elements of mycology	[SW4] test/exam - oral or written
	[BIOLMEDMU2_U01] can proficiently, but critically, use the scientific literature and databases necessary in the activities of medical biology and related disciplines	Can proficiently, but critically, use scientific literature and databases necessary in the activity of parasitological diagnosis with elements of mycology	[SU4] test/exam - oral or written
	[BIOLMEDMU2_U06] knows and applies English-language specialized vocabulary of biological and medical sciences in daily professional/scientific activities	Knows and uses English-language specialized vocabulary in the field of diagnostic Parasitology with elements of mycology in daily activities professional/scientific	[SU1] oral statement/conversation/discussion [SU4] test/exam - oral or written
	[BIOLMEDMU2_K01] is ready to critically evaluate himself, the teams in which he works and the content he receives	He is ready to critically evaluate himself, the teams in which he works and the the content received	[SK1] oral statement/conversation/discussion
	[BIOLMEDMU2_W01] has an in-depth knowledge of scientific fields and disciplines relevant to medical biology and the studied specialty and knows their main development trends	He has in-depth knowledge of parasitological diagnostics with elements of mycology and knows its main developmental trends	[SW4] test/exam - oral or written
Subject contents	Presentation of the most important human parasitoses and mycoses and the epidemiology of parasitic and fungal infections; review of diagnostic methods used for their identification and the difficulties in parasitological diagnosis and diagnosis of mycoses; principles of collecting material for examination, diagnosis and preventive management of the most common parasitic diseases, mycoses and fungal poisoning.		
Prerequisites and co-requisites			
Assessment methods and criteria	Subject passing criteria	Passing threshold	Percentage of the final grade
	written test	51.0%	100.0%
	attendance	80.0%	0.0%
