	Number of study hours	10		29.0		36.0	75
Subject objectives	Due to the need to provide a safe workplace for each employee, organizations are obliged to introduce appropriate proactive and reactive mechanisms. Two independent standards help in effective management of occupational health and safety in organizations: OHSAS and PN-ISO 45001:2018-06. The aim of the subject is to deepen knowledge of mandatory legal regulations in the field of health and safety and management standards in the field of health and safety.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
