Subject objectives	The aim of the course is to introduce students to issues related to Team Sports Games focused on volleyball and its variations (e.g. beach volleyball, sitting volleyball, snow volleyball) . The theoretical foundations of the discipline will be discussed along with the historical background and social conditions, which can be used in various areas of sports clubs, sports academies and other sports-related business activities. Practical exercises are designed to familiarise students with the technical elements in different varieties of volleyball, thus increasing their self-awareness in the area of physical culture and taking care of a balanced psycho-physical development.
