C. Accounting for business operations related to the qualification and settlement of inventory differences.

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[FiRL3_W07] The student has advanced knowledge of norms and rules (legal, organizational, moral and ethical) in finance and accounting. Knows and understands the concepts and principles of industrial property protection and copyright law.	The student is familiar with the elements of organisation of accounting in an economic entity, particularly in the field of documentation of an accounting policy, circulation and control of accounting evidence, inventory and internal control.	[SW4] test/egzamin - ustny lub pisemny [SW3] opracowanie tekstowe/ praca pisemna
	[FiRL3_U07] The student analyses the proposed solutions to problems in the disciplines of management and quality sciences and economics and finance, especially in the field of finance and accounting, and is able to present their advantages and disadvantages and propose appropriate solutions in this regard.	The student is able to propose a plan of accounts for a given organisation through the preparation of financial statements, and to formulate the most important accounting principles in this respect.	[SU1] wypowiedź ustna/rozmowa/ dyskusja [SU3] opracowanie tekstowe/ praca pisemna [SU4] test/egzamin - ustny lub pisemny
	[FiRL3_K01] Self-development: - understands the need for development and lifelong learning - is able to supplement and improve the acquired knowledge and skills - knows his strengths and weaknesses, sets ambitious goals to the best of his ability - knows how to accept failure and admit mistakes.	The student understands the necessity of continuous expansion and deepening of knowledge in accounting and taxation. He/she is able to expand and improve the acquired knowledge and skills related to keeping accounts of an economic entity.	[SK1] wypowiedź ustna/rozmowa/ dyskusja
	[FiRL3_W09] The student knows the principles of formation and economic functioning of commercial and public sector organizations, their forms, phases of development, as well as the financial conditions determining their value and economic success.	The student knows and understands the need to adapt the accounting system to the specificity of the activity of a given business entity.	[SW4] test/egzamin - ustny lub pisemny [SW3] opracowanie tekstowe/ praca pisemna
	[FiRL3_U05] The student correctly uses normative systems and selected norms and rules (legal, professional, moral) to solve advanced problems in finance.	The student is able to assess the correctness and completeness of the documentation of accounting principles adopted by the unit, accounting information systems used, principles of issuance, circulation of control of accounting evidence, preparation and execution and settlement of an inventory.	[SU3] opracowanie tekstowe/ praca pisemna [SU4] test/egzamin - ustny lub pisemny
	[FiRL3_K04] Integrity: - abides by business ethics - respects the law - is objective, is able to recognize conflicts of interest - correctly identifies and resolves dilemmas related to the practice of the profession.	He/she correctly identifies and resolves dilemmas related to the accounting profession.	[SK1] wypowiedź ustna/rozmowa/ dyskusja [SK4] test/egzamin - ustny lub pisemny [SK8] obserwacja samodzielnej lub zespołowej pracy studenta
	[FiRL3_U01] The student understands and can correctly interpret complex economic phenomena in finance and accounting, and other social sciences. The student understands and can explain the content of announcements of economic institutions, articles published in the daily press and journals in the field of finance (excluding scientific journals). The student correctly applies concepts of social sciences.	The student is able to evaluate the organisation and effectiveness of the internal control system supporting the accounting system. He/she understands and is able to explain and interpret the content of communications and articles on balance sheet and tax law.	[SU3] opracowanie tekstowe/ praca pisemna [SU4] test/egzamin - ustny lub pisemny
	[FiRL3_K05] Responsibility: - meets deadlines - is able to properly identify priorities for the implementation of the task set by him - consistently strives to achieve the set goal - is able to work systematically and independently - observes the rules and norms of social coexistence.	The student meets deadlines related to the completion of tasks in class. He/she is able to work systematically and independently.	[SK1] wypowiedź ustna/rozmowa/ dyskusja [SK8] obserwacja samodzielnej lub zespołowej pracy studenta

Subject contents	1. Elements of accounting organisation (documentation and application) 1.1. Statutory requirements for the documentation of the accounting principles (policies) adopted by the entity. 1.2. Documentation of the principles of issuance, circulation and control of accounting evidence. 1.3.
