	Number of study hours	30		0.0		45.0	75
Subject objectives	The aim of the course is to familiarise students with the basic mechanisms of the functioning of the market economy. In the further course of studies, the knowledge acquired during classes will help students understand the legal institutions that regulate phenomena and processes of an economic nature. Thus, it should be particularly helpful when learning civil, commercial, public economic and financial law.						
Learning outcomes	Course outcome		Subject outcome		Method of verification		
	[ADMINL3_KK01] The student is aware of the role of knowledge in problem-solving, as well as the necessity of relying on expert knowledge – including opinions of doctrine and case law – in situations that exceed the capacity to solve the problem independently.		Is aware of the role of knowledge in solving problems in the field of economics, as well as the need to use expert knowledge in situations that exceed the ability to solve the problem on their own		[SK4] test/exam - oral or written
