Subject objectives	The basic aim of the course is to familiarize students with the functioning of the political system of the Republic of Poland, with particular emphasis on its bodies and the relations between these bodies. Moreover, students should acquire the ability to interpret legal provisions, in particular the Constitution of the Republic of Poland, as far as issues relating to the state system and its state bodies are concerned.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[ADMINL3_UU07] The student is able to assess the level of his knowledge and skills, and understands the need for continuous learning.	The student is able to plan and organize his professional work in institutions serving constitutional bodies, as well as the work of the team with which he cooperates. He is aware of the level of his knowledge and skills in the field of the system of state organs, and he understands the need for lifelong learning.	[SU1] oral statement/conversation/discussion [SU4] test/exam - oral or written
	[ADMINL3_WG02] At an advanced level, the student is able to characterize the system of public authority (national, local, and EU-level), as well as the structure of administration and the relationships between various bodies and institutions. He can also describe the process of their appointment, their competencies, and the domains in which they operate.	He prepares responsibly for his work, appreciating the role of knowledge about the constitutional system of state organs in solving professional problems. He is ready to take on professional challenges in institutions connected with state authorities. He is able to participate in the preparation of social, civic, legal, and economic projects related to constitutional bodies. He is aware of the necessity of undertaking actions arising from the Constitution that protect the public interest as well as the legitimate individual interests of the citizen.	[SW4] test/exam - oral or written [SW5] implementation of a problem task
	[ADMINL3_WG01] At an advanced level, the student is able to define the sciences of law, administration, and politics, as well as knows the concepts and terminology appropriate to them.	The student prepares responsibly for his work, appreciating the role of knowledge about the constitutional system of state organs in solving professional problems. He is ready to take on professional challenges in institutions connected with state authorities.	[SW4] test/exam - oral or written [SW1] oral statement/conversation/discussion [SW5] implementation of a problem task
	[ADMINL3_KR03] The student is ready to responsibly perform the profession in public administration, including positions that require obtaining a bachelor's degree, as well as in other entities in roles related to administration.	He is able to understand the basic constitutional structures concerning the principles of functioning, appointment, and competences of the supreme state authorities. He knows and understands the major dilemmas arising from civilizational development within the field of the study of state systems.	[SK2] presentation/project/paper/report [SK4] test/exam - oral or written
