Subject objectives	The primary objective of the course is to familiarize students with the functioning of the political system of the Republic of Poland, in particular its supreme state organs. In addition, students are expected to acquire the ability to interpret legal texts relating to the functioning of constitutional state authorities.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[ADMINL3_WK04] The student knows and understands the current dilemmas regarding the functioning of institutions of substantive and procedural law in the sphere of the state and administration. Additionally, he identifies key phenomena occurring in the market economy and economics, including knowledge and understanding of the basic principles of public finance and the operation of various forms of entrepreneurship.	The student is able to plan and organize his professional work in institutions serving constitutional bodies, as well as the work of the team with which he cooperates. He/she is aware of the level of his knowledge and skills in the field of the system of state organs, and he understands the need for lifelong learning.	[SW4] test/exam - oral or written [SW1] oral statement/ conversation/discussion [SW5] implementation of a problem task
	[ADMINL3_WG03] At an advanced level, the student is able to characterize the system of public authority (national, local, and EU-level), the structure of administration, the process of appointing bodies, their competencies, and the domains in which they operate, as well as the legal and organizational conditions of administrative functioning.	The student prepares responsibly for his work, appreciating the role of knowledge about the constitutional system of state organs in solving professional problems. He/she is ready to take on professional challenges in institutions connected with state authorities. He/she is able to participate in the preparation of social, civic, legal, and economic projects related to constitutional bodies. He/she is aware of the necessity of undertaking actions arising from the Constitution that protect the public interest as well as the legitimate individual interests of the citizen.	[SW4] test/exam - oral or written [SW1] oral statement/ conversation/discussion [SW5] implementation of a problem task
	[ADMINL3_KK01] The student is aware of the role of knowledge in problem-solving, as well as the necessity of relying on expert knowledge – including opinions of doctrine and case law – in situations that exceed the capacity to solve the problem independently.	The student prepares responsibly for his work, appreciating the role of knowledge about the constitutional system of state organs in solving professional problems. He is ready to take on professional challenges in institutions connected with state authorities.	[SK2] presentation/project/paper/ report [SK4] test/exam - oral or written [SK8] observation of student's independent or team work
	[ADMINL3_WG01] At an advanced level, the student is able to define the sciences of law, administration, and politics, as well as knows the concepts and terminology appropriate to them.	The student is able to understand the basic constitutional structures concerning the principles of functioning, appointment, and competences of the supreme state authorities. He knows and understands the major dilemmas arising from civilizational development within the field of the study of state systems.	[SW4] test/exam - oral or written [SW1] oral statement/ conversation/discussion [SW2] presentation/project/paper/ report
