Learning outcomes	Course outcome	Subject outcome	Method of verification
	[PiDPL3_WG02] has organized and theoretically substantiated advanced knowledge, covering issues in the fields of various branches of substantive and formal law related to public levies, as well as in the field of accounting	Students will be able, based on selected examples and case studies, to explain the relationship between substantive and formal law on public finance and accounting with corporate finance, classify sources of business financing, and explain their impact on financial decision-making, taking into account tax and capital management aspects.	[SW4] test/exam - oral or written [SW1] oral statement/ conversation/discussion
	[PiDPL3_WG03] has knowledge about the subject of regulation of selected specific issues outside the scope of branches of substantive and formal law related to public levies, as well as outside the scope of accounting	The student is able, based on analysis and discussion during exercises, to relate regulations on public financial charges beyond substantive law, formal law, and accounting to the financial decisions of a company, including the formation of capital structure and the assessment of their impact on the company's short-term and long-term activities. Additionally, the student explains selected specific regulatory issues and classifies their relevance to financial decision-making.	[SW1] oral statement/ conversation/discussion [SW3] text preparation/written work
	[PiDPL3_KK01] understands the complexity of problems occurring in the field of public finance law, finance and accounting and related disciplines and therefore is ready to critically assess the knowledge possessed in this area and the content received. understands the importance of knowledge in solving cognitive and practical problems and - in case of difficulties in solving the problem independently - seeking the opinions of experts dealing with public finance law, finance, accounting and related disciplines (especially scientists, experienced tax advisors, accountants, lawyers dealing with disciplines other than tax law and balance sheet law), and if necessary, also expert specialists in disciplines other than legal and economic sciences	The student is able to critically evaluate knowledge in the areas of corporate finance, public finance law, and accounting, and, in the case of complex problems, effectively collaborate with specialists from various fields to develop optimal solutions.	[SK1] oral statement/conversation/ discussion [SK4] test/exam - oral or written
	[PiDPL3_UK03] is able to use a foreign language at level B2 of the Common European Framework of Reference for Languages, taking into account basic terminology in the field of public finance law, finance and accounting	The student is able to use a foreign language at the B2 level during exercises to formulate and explain basic concepts and issues related to corporate finance, accounting, and public finance law, enabling effective communication in an international environment.	[SU1] oral statement/conversation/ discussion
