| Subject objectives                          | The aim of the course is to provide students with knowledge about the characteristics, structure and legal basis of local government taxes, as well as to familiarise them with practical problems related to the application of the legal norms regulating them. In addition, the aim of the course is to acquire the skills of drafting procedural documents in cases concerning local taxes and fees. |                                                          |                                         |                                     |                                                |            |     |
