	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours	Self-study		SUM
	Number of study hours	15		0.0	60.0		75
Subject objectives	The aim of the course is to familiarize students with the most important regulations included in budget law and public banking law.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[PRAWOJ5_WG07] has an in-depth knowledge of law-making, interpretation and application processes, both international and national, substantive and procedural, private and public law	The student has an in-depth knowledge of the processes of enacting, interpreting, and applying public finance law within the national and European Union legal systems. The student knows and understands the substantive and procedural norms of public finance law and the principles governing their application by public administration authorities. The student understands the relationships between public law and other branches of law in the field of public finance, including liability for breaches of public finance discipline.	[SW1] oral statement/ conversation/discussion [SW2] presentation/project/paper/ report
	[PRAWOJ5_UW02] is able to use theoretical knowledge to analyse and interpret complex legal problems, generate solutions to them and predict the consequences of planned actions	The student identifies and analyzes the provisions of public finance law governing the adoption and execution of the state budget and the budgets of local government units. The student applies principles of legal interpretation to solve case studies in the field of public finance, distinguishing between substantive and procedural norms. The student assesses the correctness of actions taken by public administration authorities in light of the applicable public finance law provisions, including European Union regulations.	[SU1] oral statement/conversation/ discussion [SU8] observation of student's independent or team work
	[PRAWOJ5_KO04] is ready to prepare his/her own social projects, including the preparation and implementation of projects co-financed by the European Union	The student is prepared to plan and implement social projects, taking into account the principles of public finance and sources of their funding. The student understands the importance of proper management of public funds, including funds originating from the European Union, in project-related activities. The student is aware of the legal and financial responsibility associated with the preparation and implementation of projects co-financed by EU funds.	[SK1] oral statement/conversation/ discussion [SK2] presentation/project/paper/ report [SK4] test/exam - oral or written
	[PRAWOJ5_UW03] is able to use complex theoretical approaches and apply them appropriately to the legal problem being solved	The student selects and applies appropriate theoretical concepts of public finance law to the analysis of specific legal problems. The student uses complex doctrinal approaches when interpreting public finance law provisions while working with case studies. The student justifies the adopted legal reasoning by referring to legal theory and the specific nature of public finance institutions.	[SU1] oral statement/conversation/ discussion [SU2] presentation/project/paper/ report [SU4] test/exam - oral or written
