	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	15		0.0		60.0	75
Subject objectives	The purpose of the course is to familiarize students with the system of planning and spatial management, as well as with the suitability of planning and development instruments (in particular, local spatial development plans and local revitalization plans) for building local security by public administration bodies. Achievement of the indicated goal will be served by both the analysis of the legal conditions of spatial management and urban planning methods and techniques.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[KRYML3_WG03] Has advanced knowledge of the facts, concepts and relationships between selected phenomena related to the problems of the criminal act, including key social and psychological phenomena relevant to the context of the studied direction.	analyzes the complex relationships between spatial organization and the level of local security, identifies the impact of social, urban, and environmental factors on phenomena conducive to crime, and is able to indicate how spatial planning and land use can contribute to reducing unlawful acts and strengthening the sense of social safety.	[SW4] test/exam - oral or written [SW2] presentation/project/paper/ report
	[KRYML3_UU03] In an advanced degree, is able to independently acquire knowledge and develop his professional skills, using a variety of sources (in the native and foreign language) and modern technologies, and appropriately select and apply the appropriate methods and tools of the criminologist's work.	Independently acquires and analyses scholarly literature, planning documents and normative acts (in both Polish and foreign languages), using modern technologies to conduct in-depth analysis of the relationship between spatial planning and local security; is able to select appropriate research methods and analytical tools to identify risks and formulate recommendations to counteract criminal phenomena.	[SU2] presentation/project/paper/ report [SU5] implementation of a problem task [SU8] observation of student's independent or team work
	[KRYML3_WG04] Has advanced knowledge of the role of state bodies in counteracting socio-pathological phenomena, especially crimes, the internal structure of these bodies and their competencies	Knows and understands the role of public administration bodies in shaping local spatial policy with consideration for counteracting socially pathological phenomena, in particular crime; identifies the legal and organizational frameworks of these bodies' activities and analyzes their competences in the context of strengthening local security through the tools of spatial planning and land use management.	[SW4] test/exam - oral or written [SW2] presentation/project/paper/ report
Subject contents	Introductory classes The concept of local security The importance of planning and land use for local security. Urban planning approach Construction of the planning and space development system The role of the municipality in the system of planning and space development Legal nature, editorial form and functionality of the local spatial development plan and local revitalization plan Scope of statutory authorization to enact a local land use plan vs. local security Scope of statutory authorization to enact a local revitalization plan vs. local security Workshop on design of planning documents		
Prerequisites and co-requisites			
Assessment methods and criteria	Subject passing criteria	Passing threshold	Percentage of the final grade
	test, written statement	51.0%	100.0%
Recommended reading	Basic literature	- ustawa z dnia 27 marca 2003 r. o planowaniu i zagospodarowaniu przestrzennym - ustawa z dnia 9 października 2015 r. o rewitalizacji	
	Supplementary literature	J. Gehl, Życie między budynkami, Kraków 2013	
	eResources addresses		
	Example issues/ example questions/ tasks being completed		
Work placement	Not applicable
