	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	15		1.0		9.0	25
Subject objectives	The purpose of the proposed classes is to familiarize students with the problems of the text as a holistic message - its role, principles of construction, interpretation and understanding (also from the perspective of translation into a foreign language: Russian or Polish). The selection of issues and independent analyses of selected texts should make the students aware of the need to take a comprehensive look at the text and undertake a linguistic analysis.						
Learning outcomes	Course outcome		Subject outcome		Method of verification		
	[FROSL3_W03] The graduate has advanced knowledge and understanding of concepts and terminology used in linguistics, particularly applying to research on the Russian language.		knows the terminology of general linguistics, genology and stylistics to enable linguistic analysis of the text		[SW4] test/exam - oral or written [SW3] text preparation/written work
