Subject objectives	The aim of the course is to develop practical skills in creating effective content in English, tailored to different audiences and communication channels, with attention to cultural, institutional, and media contexts. Students will learn the principles of copywriting, content planning and editing, basics of SEO, and methods for building narrative and audience engagement. Particular emphasis is placed on a reflective and ethical approach to communication, conscious language use, stylistic adaptation, and designing content for social, educational, and cultural initiatives.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
