	Number of study hours	30		0.0		20.0	50
Subject objectives	The aim of the course is to familiarize students with the basic mechanisms of the functioning of the market economy. In the further course of studies, the knowledge acquired during classes will help students understand the legal institutions that regulate phenomena and processes of an economic nature. Thus, it should be particularly helpful when learning civil, commercial, public economic and financial law.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[ADMINL3_WK04] The student knows and understands the current dilemmas regarding the functioning of institutions of substantive and procedural law in the sphere of the state and administration. Additionally, he identifies key phenomena occurring in the market economy and economics, including knowledge and understanding of the basic principles of public finance, EU structural funds, the public procurement system, and the operation of various forms of entrepreneurship.	The student identifies the basic phenomena occurring in the market economy and economics	[SW4] test/egzamin - ustny lub pisemny
	[ADMINL3_UW01] Using his own knowledge and sources of information, including the ability to use modern digital techniques and professional methods of acquiring information, the student is able to analyze and resolve problems, as well as interpret legal, social, and political phenomena within the scope of administration and selected areas of social and economic life.	The student, using his/her own knowledge and sources of knowledge, is able to interpret economic phenomena	[SU4] test/egzamin - ustny lub pisemny
	[ADMINL3_KK01] The student is aware of the role of knowledge in problem-solving, is prepared to critically evaluate positions regarding the functioning of administration and the content of legal norms, and to rely on expert knowledge – including the views of legal doctrine and jurisprudence – in situations that exceed the scope of independent problem-solving.	The student is ready to critically evaluate positions regarding the economic aspects of the functioning of administration and, if necessary, use expert knowledge	[SK4] test/egzamin - ustny lub pisemny
