Subject objectives	The objective of this course is to provide students with theoretical knowledge of the principles governing liability for damages in public administration. The lectures cover the legal foundations of civil and administrative liability, the conditions under which damage may arise, mechanisms for pursuing claims, and the role of case law in shaping legal practice. The course aims to develop analytical thinking skills in evaluating administrative actions in terms of their legal compliance and potential compensatory consequences.						
Learning outcomes	Course outcome		Subject outcome		Method of verification
