	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	30		0.0		20.0	50
Subject objectives	The aim of the course is to introduce students to issues related to Team Sports Games focused on football and its variants (e.g. futsal, beachsoccer). The theoretical foundations of the discipline will be discussed along with the historical background and social conditions which can be used in various areas of operation of sports clubs, football academies and other sports-related business activities. Practical exercises are designed to familiarise students with the technical elements in different varieties of football, thus increasing their self-awareness in the area of physical culture and taking care of a balanced psycho-physical development.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[ZSSML3_U07] The student is able to find the necessary information to make rational decisions of an operational and strategic in enterprises operating in the sports market and in other sports entities.	Student is able to plan and organise sports events.	[SU2] presentation/project/paper/report
