

Subject card

Subject name and code	Multispecies ethnographies, PG_00167422						
Field of study	Etnografie wielogatunkowe						
Date of commencement of studies	October 2025		Academic year of realisation of subject		2025/2026		
Education level	Master's studies		Subject group		Obligatory subject group in the field of study Subject group related to scientific research in the field of study		
Mode of study	full-time studies		Mode of delivery		at the university		
Year of study	1		Language of instruction		Polish Participation in the course requires good command of a modern language of choice (English, French or Spanish) to enable the use of scientific literature.		
Semester of study	1		ECTS credits		4.0		
Learning profile	academic		Assessment form		credit		
Conducting unit	Division of Polish Ethnology and Anthropology of History -> Institute of Anthropology -> Faculty of History -> Rector						
Name and surname of lecturer (lecturers)	Subject supervisor		dr Filip Rogalski				
	Teachers		dr Filip Rogalski				
Lesson types	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	30.0	0.0	0.0	0.0	0.0	30
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	30		27.0		50.0	107
Subject objectives	The purpose of the lecture is to familiarize students with anthropological approaches to human-environment relations, with particular emphasis on the current of multispecies ethnography.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[ETNOMU2_K01] Critically evaluates acquired knowledge, personal and social competences; is prepared to critically evaluate information received	K_K01 Critically evaluates his/her knowledge, personal and social competences; is ready to critically evaluate received information	[SK2] prezentacja/projekt/referat/raport
	[ETNOMU2_W01] Has in-depth knowledge of the specific subject matter and methodology of ethnology and cultural anthropology, which they are able to develop and creatively apply in professional activity	K_W01 Has in-depth knowledge of the subject and methodological specifics of ethnology and cultural anthropology of human-nonhuman relationships, which he is able to develop and creatively apply in professional activity	[SW2] prezentacja/projekt/referat/raport
	[ETNOMU2_W02] Has a structured, in-depth knowledge, including terminology, theory and methodology in ethnology and cultural anthropology	K_W02 Has a structured, in-depth knowledge, including terminology, theory and methodology of ethnological and cultural anthropological approaches to human-nonhuman relationships	[SW3] opracowanie tekstowe/praca pisemna
	[ETNOMU2_U06] Is able to carry out a critical analysis and interpretation of various types of cultural products, applying original approaches, taking into account new developments in the humanities in order to determine their meanings, social impact, place in the historical-cultural process	K_U06 Be able to carry out a critical analysis and interpretation of different types of cultural products, using original approaches, taking into account new developments in the humanities in order to determine their meanings, social impact, place in the historical-cultural process, within the scope of human-nonhuman relationships	[SU3] opracowanie tekstowe/praca pisemna
	[ETNOMU2_W04] Has in-depth knowledge of the relationship between ethnology and cultural anthropology and other humanities and social sciences, allowing for the integration of perspectives relevant to several scientific disciplines	K_W04 Has in-depth knowledge of the relationship of ethnology and cultural anthropology with other humanities and social sciences, allowing the integration of perspectives relevant to several scientific disciplines, in particular, within the scope of human-nonhuman relationships	[SW3] opracowanie tekstowe/praca pisemna
	[ETNOMU2_U01] Is able to independently search, verify, evaluate, select information, applying modern techniques of acquiring and analysing data with the use of various sources, integrate knowledge, and formulate critical opinions on this basis	K_U01 Is able to independently search, verify, evaluate, select information, applying modern techniques for obtaining and analyzing data using various sources, integrate knowledge and formulate critical judgments on this basis	[SU2] prezentacja/projekt/referat/raport
Subject contents	[ETNOMU2_K04] Is prepared to responsibly fulfil professional roles and take up professional challenges, caring to observe professional ethics in the implementation of individual and team professional activities		
	[ETNOMU2_K04] Is ready to responsibly fulfill professional roles and take up professional challenges, ensuring compliance with the ethics of the profession in the implementation of individual and team professional activities		
Prerequisites and co-requisites			
Assessment methods and criteria	Subject passing criteria	Passing threshold	Percentage of the final grade
	written essay	51.0%	50.0%
	presentation	51.0%	30.0%
	active participation	51.0%	20.0%
