	Number of study hours	20		0.0		0.0	20
Subject objectives	The purpose of completing this subject is to provide students with relevant work experience in their field of study. Students are required to fulfill mandatory internships and submit reports according to the schedule outlined in the internship regulations of WZR. These internships can be conducted in various settings, including business units, public institutions, research centers, educational institutions, and cultural organizations. Additionally, internships may be part of organized activities by the university that align with the internship objectives. For more information on the regulations for professional internships at WZR UG, please refer to the Internship Regulations available on the Faculty of Management's website at the University of Gdańsk.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[FiRMU2_U06] The student creatively uses the acquired knowledge in various scopes and forms to solve problems in finance and accounting that arise in business practice. The student knows the limitations of the usefulness of the applied knowledge.	The student can face practical problems in finance and accounting. He creatively seeks solutions, acknowledging the limitations of his theoretical knowledge.	[SU7] entries and opinions in the internship diary
	[FiRMU2_K01] Self-improvement: - understands the need for development and lifelong learning, - inspires others to learn, - is able to supplement and improve the acquired knowledge and skills, expanded by the interdisciplinary dimension, - knows his strengths and weaknesses, sets ambitious goals to the best of his ability, - knows how to reconcile with failure, admit to a mistake.	The student develops creativity and entrepreneurship through self-improvement by participating in innovation projects and adapting to changing market conditions.	[SK7] entries and opinions in the internship diary
	[FiRMU2_W01] The student has an expanded knowledge of finance and accounting, their place in the system of social sciences and their relationship with other social sciences.	The student acquires extended theoretical and practical knowledge about financial structures and institutions through documentation analysis and discussions with colleagues and superiors.	[SW2] presentation/project/paper/report
