Example issues/ example questions/ tasks being completed	What are the main characteristics of new religious movements, and how do they differ from traditional forms of religiosity? How does globalization affect contemporary religious practices, and what role does religion play in a globalized world? What concepts explain changes in religious practices in Europe, and what is their significance for contemporary forms of religiosity? How does the concept of the "sacred canopy" help understand the role of religion in building social identity? In what ways can contemporary forms of religiosity be invisible, and what are the implications of this concept for the sociology of religion? What is the significance of the concept of religion as a "chain of memory" for understanding the continuity and change of religious traditions? Provide examples.
