

Subject card

Subject name and code	Transport Services in Foreign Trade, PG_00172255						
Field of study	International Economic Relations						
Date of commencement of studies	October 2025		Academic year of realisation of subject			2027/2028	
Education level	Bachelor's studies		Subject group			Obligatory subject group in the field of study	
Mode of study	part-time studies		Mode of delivery			at the university	
Year of study	3		Language of instruction			Polish	
Semester of study	5		ECTS credits			2.0	
Learning profile	academic		Assessment form				
Conducting unit							
Name and surname of lecturer (lecturers)	Subject supervisor		dr Magdalena Jażdżewska-Gutta				
	Teachers						
Lesson types	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	0.0	10.0	0.0	0.0	0.0	10
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	10		3.0		37.0	50
Subject objectives	Acquainting students with the organization and implementation of international transport processes.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[MSG3_U05] can use basic regulations and standards which determine business activity, as well as accounting principles in order to solve specific tasks related to the activity of enterprises	The student is able to design the course of a transport process in accordance with the principles and standards applicable in international transport.	[SU1] oral statement/conversation/discussion [SU2] presentation/project/paper/report [SU4] test/exam - oral or written
	[MSG3_K05] correctly identifies, diagnoses and solves dilemmas and various options of solutions related to the profession	The student correctly identifies, diagnoses, and resolves dilemmas and various solution options related to planning and implementing transport processes.	[SK1] oral statement/conversation/discussion [SK2] presentation/project/paper/report [SK4] test/exam - oral or written
	[MSG3_K04] is ready to think and act in an entrepreneurial manner; adapts to new situations and conditions, undertakes challenges of creative thinking; is resilient to failures; can identify threats and assess the risk of their occurrence	The student is ready to think and act entrepreneurially; they adapt to conditions, can identify threats, and assess the risk of their occurrence.	[SK1] oral statement/conversation/discussion [SK2] presentation/project/paper/report [SK4] test/exam - oral or written
	[MSG3_W02] has an advanced knowledge and understanding of the terminology of international economic relations and complementary disciplines	The student knows and understands: a) Specialized terms, names, and expressions used in international transport and forwarding; b) The components of transport and forwarding processes in international trade; c) The entities involved in transport and forwarding processes, their tasks, and methods of operation; d) Negotiation methods that utilize knowledge of transport conditions affecting international trade transactions; e) Trends in international transport, their causes, and consequences; f) Methods for properly selecting modes of transport and ways to move cargo in international trade; g) Modern methods and means of transport for carrying containerized and special cargo; h) Basic tools for effectively managing transport processes.	[SW4] test/exam - oral or written [SW1] oral statement/conversation/discussion [SW2] presentation/project/paper/report
	[MSG3_W10] knows selected methods and tools, including IT tools and data acquisition techniques, which make it possible to describe and analyse economic entities operating on the international market; knows the processes and phenomena occurring in them and between them, and processes supporting decision-making	The student knows the basic tools for designing and effectively managing transport processes.	[SW4] test/exam - oral or written [SW1] oral statement/conversation/discussion [SW2] presentation/project/paper/report
	[MSG3_W04] has an advanced knowledge of different types and essential elements of the structures of economic entities and organisations, and public institutions	The student has advanced knowledge of the entities involved in transport and forwarding processes, their tasks, and methods of operation.	[SW4] test/exam - oral or written [SW1] oral statement/conversation/discussion [SW2] presentation/project/paper/report
	[MSG3_W11] has an advanced knowledge of (legal, organisational, ethical) rules and norms organising economic structures and institutions (in particular those on the international market)	The student has advanced knowledge of the principles of organizing cargo movement in international transport.	[SW4] test/exam - oral or written [SW1] oral statement/conversation/discussion [SW2] presentation/project/paper/report
	[MSG3_U07] can perform commercial transactions on the international market, select and apply appropriate forms of transaction settlement, analyse and critically assess the course of transactions	The student is able to plan and control transport processes, choose and apply the appropriate form of transaction settlement, analyze, and critically evaluate the course of a given process.	[SU1] oral statement/conversation/discussion [SU2] presentation/project/paper/report [SU4] test/exam - oral or written

	Course outcome	Subject outcome	Method of verification
	[MSGL3_U03] can identify and analyse relations between economic entities and public institutions in the national and international environment; using the acquired theoretical knowledge can critically evaluate these relations and indicate directions for their further development or changes	The student is able to identify and analyze the connections between entities operating in the transport and forwarding sector, as well as international organizations and governmental institutions.	[SU1] oral statement/conversation/discussion [SU2] presentation/project/paper/report [SU4] test/exam - oral or written
	[MSGL3_U06] can identify selected risks related to international operations of enterprises and assess their consequences correctly	The student is able to identify selected types of risks associated with international transport processes and correctly assess their consequences.	[SU1] oral statement/conversation/discussion [SU2] presentation/project/paper/report [SU4] test/exam - oral or written
Subject contents	1. Transport Process in International Trade: Characteristics, features, stages, principles of creating and implementing transport processes. 2. Main Participants in the Transport Process: Their tasks, duties, and responsibilities (shippers, freight forwarders, carriers, consignees, others). 3. Characteristics of Various Modes of Transport Used in International Cargo Transport. 4. Entering Forwarding and Transport Contracts, Issuing Transport Documents. 5. Course and Execution of Typical Transport Processes in Polish Export and Import: Given specific assumptions and conditions, in various modes of transport. 6. Course and Execution of Atypical Transport Processes: Handling non-standard cargo. During consultation hours, individual questions will be discussed, doubts clarified, and additional explanations concerning the course content will be provided.		
Prerequisites and co-requisites	Knowledge of the basics, principles, and procedures of international trade, as well as the fundamentals of microeconomics.		
Assessment methods and criteria	Subject passing criteria	Passing threshold	Percentage of the final grade
	Group project	51.0%	40.0%
	Active participation	51.0%	5.0%
	Written test	51.0%	55.0%
