

Subject card

Subject name and code	Master's Seminar IV, PG_00151553						
Field of study	Logopedics						
Date of commencement of studies	October 2025		Academic year of realisation of subject		2026/2027		
Education level	Master's studies		Subject group		Obligatory subject group in the field of study Optional subject group Subject group related to practical vocational preparation		
Mode of study	full-time studies		Mode of delivery		at the university		
Year of study	2		Language of instruction		Polish		
Semester of study	4		ECTS credits		7.0		
Learning profile	practical		Assessment form		credit		
Conducting unit	Institute of Logopaedics -> Faculty of Languages -> Rector						
Name and surname of lecturer (lecturers)	Subject supervisor		dr hab. Zenon Lica				
	Teachers						
Lesson types	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	0.0	0.0	0.0	0.0	30.0	30
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	30		15.0		130.0	175
Subject objectives	• Preparation to conduct more complex and independent research. • Deepening knowledge of research methodology and workshops, including inference, justification and verification methods. • Developing skills in preparing longer written works, including: collecting and selecting materials, organizing the topic being developed, editing the text. • Developing the ability to publicly present one's own theses and discuss them.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[LOGMU2_K03] He is ready to observe and develop professional ethics and care for the ethos of the profession.	Follows appropriate ethical guidelines when working with patients and conducting research.	[SK2] presentation/project/paper/report
	[LOGMU2_W07] He has an in-depth and expanded knowledge of language communication disorders and eating disorders of various etiologies in adults, the principles of their diagnosis and treatment programming.	Has in-depth knowledge of the subfield covered by the seminar.	[SW3] text preparation/written work
	[LOGMU2_W02] He knows and understands the main trends in the development of linguistics and speech therapy, as well as the theories explaining the complex relationship between them.	Explains the principles of creating a scientific text. Is able to explain the principles of conducting scientific research.	[SW1] oral statement/conversation/discussion
	[LOGMU2_W01] Has a structured, in-depth and extended knowledge and knows at an extended level the terminology of linguistics and speech therapy (including selected terminology in a foreign modern language).	Has in-depth knowledge of the subfield covered by the seminar. Knows linguistic, speech therapy, medical and psychological-pedagogical terminology at an advanced level, especially in the field of seminar topics.	[SW3] text preparation/written work
	[LOGMU2_K05] He is ready to develop the achievements of the profession.	Is able to independently and critically supplement knowledge and skills, extended by an interdisciplinary dimension.	[SK3] text preparation/written work
	[LOGMU2_W16] He has in-depth knowledge of the methodology of performing tasks, norms, procedures and good practices used in institutions related to the selected sphere of linguistic (including speech therapy) activity, including those created as part of individual entrepreneurship.	Knows and understands the basic concepts and principles of copyright protection and is aware of the need to manage intellectual property resources.	[SW3] text preparation/written work
	[LOGMU2_W17] He knows and understands the basic concepts and principles of industrial property and copyright protection and the need to manage intellectual property resources.	Knows and understands the basic concepts and principles of copyright protection and is aware of the need to manage intellectual property resources.	[SW3] text preparation/written work
	[LOGMU2_U03] He has the ability to interpret, analyze the causes and course of linguistic and communicative processes and phenomena, substantively argue using his own views and those of other authors, formulate conclusions and create synthetic summaries using appropriate terminology.	Has in-depth skills in conducting social research necessary to develop diagnoses of patients requiring speech therapy. Has the ability to independently diagnose speech disorders and is able to plan speech therapy depending on the type of disorder (also in the case of complicated medical disorders, including neurological ones).	[SU2] presentation/project/paper/report
	[LOGMU2_U10] Can apply the principles of task methodology, norms (ethical, professional) and laws relating to institutions related to speech therapy activities, including copyright and intellectual property.	Is able to apply ethical and professional standards and legal provisions that apply to institutions related to speech therapy activities, in particular copyright and intellectual property law.	[SU3] text preparation/written work
	[LOGMU2_U09] He is able to communicate, using linguistic, speech therapy and medical terminology with the use of various communication channels and techniques, with specialists of other scientific disciplines and non-specialists in Polish and a foreign language.	Has in-depth organizational skills enabling planning and innovative solutions to complex problems related to the selected area of speech therapy activity.	[SU3] text preparation/written work
	[LOGMU2_U12] He is able to independently acquire knowledge in the field of linguistics (including speech therapy) and expand professional skills, as well as take autonomous actions to develop his abilities and direct his own career.	Is able to search, analyze, evaluate and select information using spoken and written sources and make critical judgments based on it. Is able to independently acquire knowledge, expand professional skills, take independent actions to develop skills and manage his/her personal professional career.	[SU3] text preparation/written work
