	E-learning hours included: 30.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	30		0.0		20.0	50
Subject objectives	The aim of the course <i>Labour Mobility and Posting of Workers within the Framework of the Freedom to Provide Services in the European Union</i> is to deepen students understandingwithin the field of Public Administrationof the legal, institutional and practical dimensions of labour mobility and the posting of workers in the context of the intra-EU freedom to provide services. The course provides insight into how the European Unions single market operates, with particular focus on the mechanism of posting workers, the coordination of social security systems, administrative obligations, and current regulatory and policy challenges. Students will acquire the competences necessary to analyse EU and national legislation on posting and to assess its implications for public administration, employers, and workers rights.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
		1. The student is able to critically apply expert knowledge—including case law and legal doctrine—to interpret and address complex problems related to the posting of workers under the intra-EU freedom to provide services. 2. The student understands current legal and administrative dilemmas concerning the functioning of the posting of workers mechanism, and is able to relate them to economic practice and the operation of the EU internal market. 3. The student demonstrates advanced use of legal and administrative terminology, methods, and theories in the analysis of labour mobility and service provision regulations within the EU internal market 4. The student can identify and analyse legal and administrative conditions related to the posting of workers, including the rights and obligations of entities involved in the provision of services within the EU.	[SW1] oral statement/conversation/discussion [SU8] observation of student's independent or team work [SK1] oral statement/conversation/discussion [SK2] presentation/project/paper/report

Example issues/ example questions/ tasks being completed	1. What is the difference between a business trip (delegation) and the posting of a worker within the meaning of EU law? Why is this distinction legally and administratively important? 2. Discuss the core principles laid down in Directive 96/71/EC and the changes introduced by Directive 2018/957/EU. What were the objectives of the reform, and have they been achieved? 3. What is meant by fictitious posting of workers? How do Member States and EU institutions prevent abuse and circumvention of the posting rules? 4. Explain the rules for determining the applicable social security legislation for posted workers. What is the function of the A1 certificate? 5. Discuss the significance of the <i>Laval</i> judgment (C-341/05) for the balance between the freedom to provide services and the protection of workers rights. Has the case law of the Court of Justice favoured the market or the worker? 6. What are the information and administrative obligations of a company posting workers to another EU Member State? What challenges do public administrations face in supervising this process? 7. Propose solutions to improve the monitoring and enforcement of worker posting within the European Union, taking into account digital tools, administrative cooperation, and the role of the European Labour Authority (ELA). 8. What rules apply to the posting of third-country nationals (non-EU/EEA/Swiss citizens) by companies established in an EU Member State? What are the main restrictions and controversies in this area?
