Subject objectives	The main objective of the practical part of the course is to gain practical knowledge about designing a business venture in accordance with the principles of a modern business plan. As a result of completing the material, students should also develop the ability to critically and holistically understand the fundamentals of business, enabling them to assess the risks and opportunities associated with the initial phase of implementing ideas (idea/seed) up to the start-up stage.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[KiTHMU2_K02] Recognises the importance of knowledge in solving cognitive and practical problems, is ready to consult experts in case of difficulties with solving a problem on their own	The student acquires competencies that enable them to gather business information from dispersed sources (reports, articles, grey literature, expert opinions). Additionally, they skillfully evaluate the usefulness of this information and selectively curate it.	[SK2] presentation/project/paper/report [SK3] text preparation/written work
	[KiTHMU2_W09] Knows and understands in depth selected issues related to the functioning of the tourism market and various forms of entrepreneurship in tourism	The student integrates theoretical concepts from the fundamentals of business with selected issues of the tourism market.	[SW4] test/exam - oral or written [SW1] oral statement/conversation/discussion
	[KiTHMU2_U06] Can lead a debate; argues and justifies his/her position in the scientific discussion, using his/her own knowledge and research experience, as well as the views of representatives of various streams of humanities and social sciences	The student has the ability to critically evaluate other business plans and is also capable of justifying their own choices and assumptions made in original analyses.	[SU1] oral statement/conversation/discussion [SU2] presentation/project/paper/report
	[KiTHMU2_W04] Has in-depth knowledge of selected issues in the field of history and science of management and quality	The student knows and understands the schedule for creating a business plan and has knowledge about the significance and usefulness of each of its parts.	[SW4] test/exam - oral or written
	[KiTHMU2_U05] Correctly uses professional terminology in speech and writing appropriate to the disciplines of history, management and quality sciences.	The student skillfully uses managerial terminology related to designing a business plan, particularly in the areas of organizational and legal forms, marketing plans, and SWOT analysis.	[SU1] oral statement/conversation/discussion [SU4] test/exam - oral or written
	[KiTHMU2_K05] Can think and act in an entrepreneurial manner	The student effectively combines creative ideas and business challenges with formal business planning tools in a convincing manner.	[SK2] presentation/project/paper/report [SK3] text preparation/written work
	[KiTHMU2_U11] Independently acquires and deepens knowledge and improves research skills in a structured and systematic manner, undertaking autonomous activities aimed at developing abilities and managing their own professional career	The student understands and is capable of creating simplified business plans and acquires planning and organizational skills useful in their professional career	[SU2] presentation/project/paper/report
