| Subject objectives | The aim of the course is to familiarize students with the worldview of the positivist period and its literary achievements. The classes provide a broad overview of selected topics and attitudes, ideas and contexts, great literary heroes and creators of the era, as well as the genres practiced. The result is also to improve the practical ability to analyze and interpret literary works. | | | | | | |

| Learning outcomes | Course outcome | Subject outcome | Method of verification |
|-------------------|---|--|-----------------------------------|
| | [FPL3_W01] Has specific knowledge of the place and the importance of literary studies in the system of sciences and its subject and methodological specificity. | Student: <ul style="list-style-type: none"> • is able to show the dependence of literature on the socio-political-economic-cultural situation, • gains experience in interpreting and reinterpreting not only literary texts, but also all cultural works and linguistic messages; can correctly read fragments of texts with double meaning (Aesopian speech). | [SW4] test/exam - oral or written |
| | [FPL3_U01] Is capable of searching, analyzing, evaluating and selecting information in literary studies, using spoken and written sources available in different media. | Student: <ul style="list-style-type: none"> • uses traditional and modern sources of literary texts and scientific studies, bibliographies and dictionaries; • improves the ability to take notes, read quickly, and collect study materials. | [SU4] test/exam - oral or written |
| | [FPL3_K01] He organizes his work in the field of literary studies effectively and evaluates the degree of its progress critically. | Student: <ul style="list-style-type: none"> • is able to work independently, is able to educate himself, read additional books, undertake his own research tasks in the field of positivist literature, • broadens horizons and deepens awareness of the importance of the cultural heritage of the 19th century and the relationships of representatives of this era with subsequent generations, • gaining knowledge about the pro-social attitudes of the generation of the second half of the 19th century, observing the process of shaping civic awareness and attitudes as well as the roots of current social and patriotic attitudes, • acquires knowledge about the sources of contemporary phenomena and attitudes (feminism and the issue of women's emancipation in the discussed period, the issue of anti-Semitism, fear of technological civilization and globalization), is ready to broaden and change his views, • notices and reflects on political, social and historical dilemmas, characteristic of the studied era (e.g. patriotism, betrayal, loyaltyism, fighting methods), and recurring in subsequent decades and generational discussions, • recognizes the importance of the presence of masterpieces as well as works by minorum gentium writers and works of popular literature in the totality of native literature. | [SK4] test/exam - oral or written |
| | [FPL3_U03] Has basic research skills, including formulation and analysis of research problems, selection of research methods and tools, development and presentation of results, allowing to solve problems in the field of literary studies. | Student: <ul style="list-style-type: none"> • uses terms from the history and theory of literature when working with positivist texts; • distinguishes various forms of expression, is able to prepare a short oral statement on a given topic related to the literature of positivism and an interpretative statement; • proves, argues, compares, polemicalizes and formulates judgments about the often controversial and ambiguous attitudes of literary characters and the problems discussed, using his experience and observations of a social and psychological nature. | [SU4] test/exam - oral or written |

| | Course outcome | Subject outcome | Method of verification |
|--|--|---|-----------------------------------|
| | [FPL3_U06] Can assess the level of his competence and understands the need for continuous training and professional development in literary studies. | Student: <ul style="list-style-type: none"> • develops issues related to the literature of the discussed period, independently acquires knowledge constituting the basis for classes; • in practice, applies the acquired knowledge in the field of the history of Polish and general literature as well as poetics and literary theory. | [SU4] test/exam - oral or written |
| | [FPL3_W02] Has specific knowledge of the history of Polish and world literature. | <ul style="list-style-type: none"> • is able to characterize the period of positivism in Polish literature, describe the worldview of the era, list the main ideas, trends and concepts related to it, describe the course and changes of the period, • can introduce representatives of the most important trends, camps, tendencies and attitudes present in social and literary public life, • has the information necessary to present the profiles of the most important authors of literature of the positivist period, their works, the issues they addressed and the characteristics of their style, • has knowledge about political, social and cultural life and literature in the lands of the three partitions, • is able to determine the place of positivist literature in relation to the literature of previous eras (especially Romanticism) and subsequent generations (e.g. modernism), as well as its place against the background of general literature, • discusses the changes in realism, as well as literary types and genres cultivated in the second half of the 19th century, including the diversifying and newly emerging ones. | [SW4] test/exam - oral or written |
