

Subject card

Subject name and code	Translation Studies – Contemporary translation theories and methodologies I, PG_00188640						
Field of study	English Studies						
Date of commencement of studies	October 2026		Academic year of realisation of subject		2026/2027		
Education level	Master's studies		Subject group		Obligatory subject group in the field of study Optional subject group Subject group related to scientific research in the field of study		
Mode of study	full-time studies		Mode of delivery		at the university		
Year of study	1		Language of instruction		English		
Semester of study	1		ECTS credits		2.0		
Learning profile	academic		Assessment form		credit		
Conducting unit	Division of English Language Translation Studies -> Institute of English and American Studies -> Faculty of Languages -> Rector						
Name and surname of lecturer (lecturers)	Subject supervisor		dr hab. Olga Kubińska, prof. UG				
	Teachers						
Lesson types	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	30.0	0.0	0.0	0.0	2.0	32
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	32		0.0		18.0	50
Subject objectives	Aim of the course: to acquaint the students with the most important translation theories and methodologies proposed and applied in the 20th and 21st century (including corpus-based translation studies); to introduce the students to research ethics and integrity.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[FAMU2_W09] Knows and understands to an in-depth extent advanced methods of analysis relevant to linguistics, including, in particular, those applicable to English language studies.	Students know and understand the main trends in the development of linguistics, especially in relation to the study of translation in the English - Polish language pair.	[SW4] test/exam - oral or written
	[FAMU2_W05] Knows and understands advanced terminology in the field of linguistics, in particular those used in English language studies.	Students know and understand, to an in-depth degree, advanced terminology in the field of Translation Studies, including in particular terms applicable to the study of translation in the English - Polish language pair.	[SW4] test/exam - oral or written
	[FAMU2_W01] Knows and understands in depth selected issues constituting advanced general knowledge in the field of English linguistics	Students know and understand, to an in-depth degree, selected topics which constitute advanced general knowledge in the field of Translation Studies.	[SW4] test/exam - oral or written
	[FAMU2_K02] Is prepared to recognise the importance of knowledge and skills in English Studies in solving cognitive and practical problems and to seek the advice of a supervisor in their chosen place of work in the event of difficulty in solving problems on their own.	Students are ready to recognize the importance of English Studies in solving problems, and to seek the opinion of an academic tutor or a supervisor in the case of difficulties in solving translation problems independently.	[SK4] test/exam - oral or written
	[FAMU2_K01] Is ready to critically evaluate the extent of their knowledge and skills, in particular in the field of English-language linguistics and literature and English.	Students are ready to critically evaluate the extent of their knowledge and skills, especially in the field of English Translation Studies.	[SK4] test/exam - oral or written
	[FAMU2_U06] Can communicate in speech and writing in English and Polish with diverse audiences on specialized topics in the field of linguistics and literature, also using advanced specialized terminology.	Students are able to communicate with diverse audiences on specialized topics connected with Translation Studies, using advanced specialized terminology.	[SU4] test/exam - oral or written
	[FAMU2_W03] Knows and understands in depth advanced research methodologies and theories in the field of English linguistics.	Students know and understand, to an in-depth degree, advanced research methodologies and theories in the field of Translation Studies.	[SW4] test/exam - oral or written
Subject contents	module 1: translation theories (15h) major translation theories from the 1950 to the present day module 2: selected methodologies of Translation Studies (15h) ethics of scientific research, types of research in Translation Studies (including corpus-based/-driven/-assisted research, with particular focus on basic tenets of corpus linguistics, types of corpora, popular corpora, compilation of own corpora, software for corpus construction and analysis, main techniques of corpus searching, and interpretation of corpus data), research tools, quality in scientific research		
Prerequisites and co-requisites	formal requirements: choice of translation specialisation prerequisites: C1 level of English ATTENDANCE AT CLASSES IS MANDATORY, UNLESS THE STUDENT HAS OBTAINED THE DEAN'S APPROVAL TO FOLLOW AN INDIVIDUAL STUDY PLAN.		
Assessment methods and criteria	Subject passing criteria	Passing threshold	Percentage of the final grade
	test pisemny	51.0%	100.0%
