

Subject card

Subject name and code	Internship, PG_00177565						
Field of study	Informatics and Econometrics						
Date of commencement of studies	October 2026	Academic year of realisation of subject			2027/2028		
Education level	Master's studies	Subject group			Obligatory subject group in the field of study Optional subject group		
Mode of study	full-time studies	Mode of delivery			at the university		
Year of study	2	Language of instruction			Polish		
Semester of study	3	ECTS credits			8.0		
Learning profile	academic	Assessment form			credit		
Conducting unit	Department of Business Informatics -> Faculty of Management -> Rector						
Name and surname of lecturer (lecturers)	Subject supervisor		dr Jacek Maślankowski				
	Teachers						
Lesson types	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	0.0	200.0	0.0	0.0	0.0	200
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	200		0.0		0.0	200
Subject objectives	The purpose of the internship is for the Student to gain professional experience in line with the field of study. Internships in this scope may be carried out in particular in: economic entities, public institutions, scientific and research institutions, educational institutions, cultural institutions, or as part of activities organized by universities that allow for achieving the goals of the internship.						
Learning outcomes	Course outcome		Subject outcome		Method of verification		
	[liEMU2_U11] The student can collaborate effectively in teams and assume leadership roles.		Co-operation within projects and tasks within units in which the professional practice is taking place.		[SU2] presentation/project/paper/report		
	[liEMU2_K03] The student is ready to think and act entrepreneurially and responsibly, initiate, coordinate, and participate in projects that benefit the social environment and the public interest, and inspire others to use econometrics, informatics, or statistics tools.		Ability to work in an IT team, through practical implementation of tasks assigned by the Internship Supervisor.		[SK2] presentation/project/paper/report		
	[liEMU2_W03] The student possesses a thorough understanding of how organizations operate, including the complex phenomena, processes, and relationships that exist in their environments and how these impact their functioning.		Depending on the nature of the professional practice, the Student has the opportunity to improve his or her management and IT knowledge.		[SW2] presentation/project/paper/report		

Subject contents	<p>Detailed guidelines regarding the content of the implemented professional practice are described in the Rules of Practice at WZR UG.</p> <p>FRAMEWORK PROGRAM OF STUDENT INTERNSHIP AT THE FACULTY OF MANAGEMENT AT THE UNIVERSITY OF GDAŃSK / Field of study: Computer science and econometrics:</p> <p>a) familiarization of the student with the subject of the enterprise's activity, organizational structure, documentation of typical economic events with particular emphasis on its IT system and work carried out in departments related to forecasting and data analysis,</p> <p>b) familiarization with the tools and IT systems used in the enterprise, their operation, service and security,</p> <p>c) student participation in the creation of IT projects, implementation and analysis of the enterprise's IT system, creation of programs using modern visual techniques and effective management of the software development process,</p> <p>d) familiarization with the functions performed by database systems, their language, structure and properties, design and administration of databases,</p> <p>e) familiarization with the local computer network, including access methods, network work and its security,</p> <p>f) familiarization with the practical design and implementation of statistical research; calculation and interpretation of research results for statistical populations, practical use of appropriate quantitative analysis methods,</p> <p>g) familiarization with practical aspects of building, creating and verifying applied econometric models,</p> <p>h) familiarization with practical aspects of using quantitative methods in assessing the activities of economic entities, public sector institutions and the environment, as well as using quantitative methods in making economic decisions.</p>
-------------------------	---

<p>Prerequisites and co-requisites</p>	<p>All students of the Faculty of Management at the University of Gdańsk, who are sent to compulsory internships, must be insured. Students planning to complete a compulsory internship are obligated to inform the Head of Student Internships of this fact no later than the 10th day of the previous month. To do this, an appropriate form should be submitted to the Dean's Office (p. 121). This notification does not need to be made if the student completed the internship on their own (without an agreement with the university, e.g. through a previously concluded employment contract, contract of mandate, work, etc.). In such a situation, they will only be required to settle the internship, documenting its completion with properly completed forms submitted to the Dean's Office. All of them are available online on the Faculty's website, and in particular include:</p> <p>insurance registration - mandatory in the case of a planned internship in the future, should be printed out and submitted in two copies to the Dean's Office together with the agreement no later than the 10th day of the month preceding the internship. This form should not be submitted if the student has previously completed an internship or if it is being carried out on the basis of a contract for services, a contract for specific work, an employment relationship, etc. (Appendix 2.1.2.);</p> <p>a fixed-term agreement a mandatory agreement concluded between UG and the entity where the internship will be carried out; an agreement concluded only in the case of planned internships in the future it should not be concluded if the student has previously completed an internship or if it is being carried out on the basis of a contract for services, a contract for specific work, etc. In such a situation, it is required to submit a declaration of the lack of an agreement (Appendix 2.1.3.) together with the relevant attachments documenting the course of the work carried out constituting the basis for settling the professional internship. The agreement, together with the application for insurance, should be submitted to the Dean's Office by the 10th day of the month preceding the start date of the internship (Appendix 2.1.4.). If the student needs to receive a referral to carry out the internship his form is included in Appendix 2.1.5.</p> <p>report on the implementation of the internship a document completed by the internship supervisor (from the entity where it was implemented) and the student during and after the internship, approved in writing by the Head of the internship at the Faculty of Management of the University of Gdańsk (Appendix 2.1.6.). Correctly settled internships in the form of submitted reports include the applicant's signature, a written (point and descriptive) assessment by the internship supervisor (on the side of the enterprise / institution where the student is implementing the internship), as well as written confirmation of document verification in the form of their approval by the Head of the internship at the Faculty of Management of the University of Gdańsk.</p>
