Subject objectives	The aim of the exercises is to practically use the knowledge of translation theory acquired by students and to improve their skills in translating texts of medium difficulty (corresponding to the level of advancement of the Serbian language) and diverse topics (publicistic text, literary text - poetry and prose, advertisement, instruction, contract, legal act, scientific text) using CAT tools (OmegaT). The exercises discuss problems that emerge during students' independent work on texts, mainly related to the specifics of Croatian syntax, punctuation and phraseology.
