	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan	Participation in consultation hours	Self-study	SUM		
	Number of study hours	30	2.0	18.0	50		
Subject objectives	The aim of the course Insurance in the Implementation of Public Tasks is to familiarize students with the role and significance of the insurance system in the functioning of the public sector and in ensuring the financial security of state and local government entities. Students will learn the principles of concluding and administering property insurance contracts in the context of public task implementation. The course also aims to develop the ability to select appropriate insurance instruments that support the effective management of public funds.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[ADMINL3_U01] drawing upon his/her own knowledge as well as other sources of information — including the ability to use modern technologies and professional methods of acquiring and analysing information — is capable of identifying, analysing, and resolving problems, as well as interpreting phenomena relating to the organization and functioning of public administration, administrative activity, and selected areas of social and economic life.	-	[SU1] oral statement/conversation/discussion [SU2] presentation/project/paper/report [SU5] implementation of a problem task [SU8] observation of student's independent or team work
