<b>Subject objectives</b>	To learn about and gain an in-depth understanding of contemporary maritime issues and challenges of a sustainable blue economy, as well as the importance of law in maritime affairs in relation to the development of the concept of sustainable blue maritime in the world and the European Union. To understand the causes of global and regional maritime problems through the lens of law, governance, protection and preservation of the marine environment and the Earth's climate, and the role of international organisations (e.g. the EU) promoting cooperation for sustainable blue maritime, and administrative bodies from a Polish perspective in practical terms.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[ADMINL3_U01] drawing upon his/her own knowledge as well as other sources of information — including the ability to use modern technologies and professional methods of acquiring and analysing information — is capable of identifying, analysing, and resolving problems, as well as interpreting phenomena relating to the organization and functioning of public administration, administrative activity, and selected areas of social and economic life.	-	[SU2] presentation/project/paper/report [SU3] text preparation/written work [SU4] test/exam - oral or written
	[ADMINL3_K01] being aware of the role of knowledge in solving problems related to the organization and functioning of administration, as well as the application of law in selected domains of social and economic life, they are prepared to critically assess their own knowledge and the content they receive, and also recognize the need to rely on expert knowledge—including doctrinal views and case law—when encountering difficulties in independently resolving a problem.	-	[SK2] presentation/project/paper/report [SK3] text preparation/written work [SK4] test/exam - oral or written
	[ADMINL3_W04] possesses advanced knowledge of, and understands, the legal and administrative determinants of selected areas of social and economic life, including the rights and obligations of individuals vis-à-vis other individuals and public authorities. Furthermore, he/she is familiar with the competences of administrative bodies within these areas.	-	[SW4] test/exam - oral or written [SW2] presentation/project/paper/report [SW3] text preparation/written work
	[ADMINL3_W05] is familiar with and understands the current dilemmas concerning the functioning of public administration and activities undertaken within the sphere of the state and administration in relation to substantive, procedural, and constitutional law institutions. Moreover, he/she identifies the fundamental phenomena occurring within the market economy and economics, including knowledge and understanding of the basic principles governing the establishment and development of various forms of entrepreneurship.	-	[SW4] test/exam - oral or written [SW2] presentation/project/paper/report [SW3] text preparation/written work
