

Subject card

Subject name and code	Insurance in a sustainable economy , PG_00199011						
Field of study	Economics						
Date of commencement of studies	October 2026	Academic year of realisation of subject			2028/2029		
Education level	Bachelor's studies	Subject group			Obligatory subject group in the field of study Optional subject group Subject group related to scientific research in the field of study		
Mode of study	full-time studies	Mode of delivery			at the university		
Year of study	3	Language of instruction			Polish		
Semester of study	6	ECTS credits			2.0		
Learning profile	academic	Assessment form			credit		
Conducting unit							
Name and surname of lecturer (lecturers)	Subject supervisor		dr hab. Dariusz Tłoczyński				
	Teachers						
Lesson types	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	0.0	15.0	0.0	0.0	0.0	15
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	15		0.0		35.0	50

Subject objectives	<p>Knowledge:</p> <ul style="list-style-type: none"> • The student is able to classify economic insurance products and distinguish their main characteristics and functions. • The student is able to identify and recommend optimal insurance products tailored to the individual needs and requirements of consumers. • The student possesses knowledge necessary to develop concepts for new insurance products, taking into account current market trends and consumer needs. <p>Skills:</p> <ul style="list-style-type: none"> • The student is able to propose solutions to basic insurance-related problems. • The student is able to assess insurance risk and design appropriate protection measures. • The student understands and can justify the need for insuring potential risks, both in individual and institutional contexts. <p>Social Competences:</p> <ul style="list-style-type: none"> • The student actively participates in group work, analysing and comparing offers from insurance companies. • The student critically evaluates available insurance offers and reviews General Terms and Conditions of Insurance (GTCI), assessing their clarity, compliance with the client's interests, and the presence of hidden risks.
