

Subject card

Subject name and code	Business scoring, PG_00199377						
Field of study	Economics						
Date of commencement of studies	October 2026	Academic year of realisation of subject			2027/2028		
Education level	Master's studies	Subject group			Obligatory subject group in the field of study Optional subject group Subject group related to scientific research in the field of study		
Mode of study	full-time studies	Mode of delivery			at the university		
Year of study	2	Language of instruction			Polish		
Semester of study	4	ECTS credits			2.0		
Learning profile	academic	Assessment form			credit		
Conducting unit							
Name and surname of lecturer (lecturers)	Subject supervisor		dr hab. Andrzej Letkiewicz				
	Teachers						
Lesson types	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	0.0	15.0	0.0	15.0	0.0	30
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	30		0.0		20.0	50
Subject objectives	Knowledge: <ol style="list-style-type: none"> 1. extended assessment of the situation of enterprises, 2. scoring/rating and scoring/rating assessment. 3. scoring tools and methods, 4. methodology for building scoring matrices. 						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[EKONMU2_K02] is aware of the level of their knowledge in the area of solving complex problems in economic,; understands the need to extend and update this knowledge throughout his/her life	is aware of his/her level of knowledge in the field of economics and understands the need to update this knowledge throughout life	[SK1] oral statement/conversation/discussion [SK5] implementation of a problem task
	[EKONMU2_W04] has an in-depth knowledge of different types of economic and social ties and regularities governing them; has an in-depth knowledge of economic and financial ties between enterprises	has an in-depth knowledge of the economic and financial links between companies	[SW1] oral statement/conversation/discussion [SW5] implementation of a problem task
	[EKONMU2_U02] can use acquired knowledge to describe and analyse the causes and course of economic and social processes and phenomena, and can formulate his/her own opinions and critically select data and analysis methods based on the achievements of economic and social sciences	Is able to use his/her knowledge to describe and analyse the causes and course of economic processes and phenomena, and to formulate his/her own opinions and select data and methods of analysis on the basis of the achievements of economic	[SU1] oral statement/conversation/discussion [SU5] implementation of a problem task
	[EKONMU2_U08] can independently analyse economic and social phenomena and processes, and can perform a theoretically deepened assessment of such phenomena, using appropriately selected research method	Is able to analyse economic phenomena and processes independently, and is able to make a theoretically informed assessment of these phenomena	[SU1] oral statement/conversation/discussion [SU5] implementation of a problem task
