Subject objectives	The aim of the course is for criminology students to acquire basic knowledge regarding the profession of detective in Poland, familiarize themselves with the legal system for detective services in Poland, and understand the legal basis for providing these services. Students should acquire basic knowledge of the legal and forensic aspects of detective services and independently assess the consistency, scope, and appropriateness of the legal solutions adopted by the legislature. The course also aims to provide knowledge necessary to obtain a detective license.

Learning outcomes

Course outcome	Subject outcome	Method of verification
